TRIPLE FATAL — Three persons were killed when a milk delivery truck and an automobile collided at the intersection of the Circleville Canal Winchester and the Ashville-Fairfield Road 11:10 a.m. today. The delivery truck was southbound and the

automobile was eastbound. There were five persons in the car. The dead were identified by Pickaway County Sheriff Dwight Radcliff as: Paul Pennington, 39, his wife Leona Mae Pennington, 40, and their 10-year-old son, John Jeffrey Pennington. They resided at

Route 5, Circleville, on the Walnut Creek Pike. James Russel Pennington, 9, was transferred to Children's Hospital, Columbus. Kevin Pennington, 14, and Paul Michael Pennington, 15, are being treated at Berger Hospital.

Party Leader Rips Nixon's Labor Policies

McGovern, Shriver Busy

WASHINGTON (AP) — Sen. George S. McGovern, in his first speech to a union gathering since he won the Democratic presidential nomination, today called President Nixon the enemy of organized labor.

"The Nixon administration's economic policies are one long list of outrages against the American worker," the South Dakota senator said.

"Richard Nixon is the enemy of the American worker. Richard Nixon is the enemy of the American trade union movement. Richard Nixon is the friend of the big-business Republican contributors and special interest pleaders."

McGovern's remarks were prepared for the executive committee of the AFL-CIO Amalgamated Clothing Workers Union.

The union's members number some 386,000.

His address came as an Associated Press survey showed that leaders of labor union with six million workers have endorsed McGovern and President Nixon is backed by union leaders representing 2.4 million.

Union chiefs representing the remaining 10 million union workers are following the lead of AFL-CIO President George Meany, remaining neutral for the first time in almost 20 years.

Meanwhile today McGovern's choice for the vice presidential spot on the ticket, R. Sargent Shriver, continued receiving a cram course on the campaign.

Shriver, the 16-year-old Kennedy in-law, lawyer, businessman and former diplomat vowed

Sunday to take his first campaign for elective office directly to the people and to refocus the image of America he said has been "blurred and darkened" by 3½ years of Republican rule.

Receiving a parade of McGovern aides and advisers at Timberlawn, the spacious estate he leases in suburban Maryland, Shriver reported he had been given the blessing of Chicago Mayor Richard J. Daley and fully expects complete

Daley support for the ticket.

The meetings among the staff, advisers, friends and candidates themselves began in early morning and continued into the night. They were described as getting-to-know-you efforts, to work out the office space, staff requirements and travel plans of the Shriver part of the campaign.

"We want to get him on the road by Thursday at the latest," a McGovern staff member said.

McGOVERN'S CHOICE — Sargent Shriver, above, former Peace Corps director and former ambassador to France has been asked by Sen. George McGovern, D-S.D., to be his running-mate on the Democratic Party's Presidential ticket.

'Backstop Choice' Veep Candidate

WASHINGTON (AP) — Sargent Shriver, who waited eagerly in the wings for everybody else to say no, was George McGovern's backstop running-mate for several days before he was invited to join the Democratic ticket.

Aides and personal friends of Shriver were told that if Sen. Edmund S. Muskie didn't want to run for vice president the job would fall to Shriver.

"There's still light," McGovern's national political director, Frank Mankiewicz,

advised Shriver operatives Friday night. He had word that Muskie just might decline.

"We're trying to move it from Kennedys Port to Hyannis Port," he said.

Muskie returned to Kennedys to discuss the offer with his wife, Jane. He delivered his turnaround Saturday morning.

Shriver, a youthful looking 56, was vacationing at the Kennedy compound in Massachusetts and was playing tennis when McGovern placed a telephone call to welcome him aboard.

The presidential nominee got a busy signal.

The connection was made a few minutes later, at 10:50 a.m. Shriver said "yes" and then went off sailing.

Later, Shriver disclosed that he had talked to McGovern Thursday afternoon. McGovern asked him if he would be interested in the job if Muskie declined. Shriver said he certainly would be.

For a group of lawyers and congressional aides pushing Shriver's cause, the second call

was the perfect climax to a fast-moving sequence of events.

Shriver's name was well down on a list of possible replacements for Missouri Sen. Thomas F. Eagleton who gave up the nomination because of controversy over his medical history. But the list dwindled rapidly as those asked turned thumbs down.

Conservatives Rule American Party Ticket

LOUISVILLE, Ky. (AP) — The American party, separated from the campaign organization of Alabama Gov. George Wallace, enters the fall campaign with an ultraconservative ticket fashioned during its Louisville convention.

The party presidential nominee, U.S. Rep. John G. Schmitz of California, says he does not expect to receive the endorsement of Wallace, who founded the party for his 1968 third-party try for the presidency.

Schmitz's choice for vice president, Thomas Jefferson Anderson, a Tennessee weekly newspaper editor and, like Schmitz, a member of the John Birch Society, was nominated at the conclusion of the convention Saturday.

Schmitz said the party would be on the ballots at least states in November. William K. Shearer, a party leader from California, said there would have to be immediate "judicial challenges" in states where the party ticket was being threatened with exclusion from the ballot.

Compounding Schmitz' task is the apparent dislike of some American party followers for the ultraright-wing John Birch Society. Indiana's delegation repeatedly indicated its displeasure with "having two Birchers on the ticket."

Some Illinois delegates walked out of the convention to protest the party link with the society.

Party Chairman T. Coleman Andrews Jr. said the success of the campaign would be determined by how vigorously each state party organization worked for the ticket. "We have to rely on our various state organizations," he said.

However, the biggest question appears to be whether the party can get along without George Wallace. Andrews described the loss of Wallace, who refused the presidential nomination for medical reasons, as "both good and bad" for the party.

Duel Proves Fatal To Canton Resident

CANTON, Ohio (AP)—Police were trying to determine today who shot first in what they described as a duel which claimed the life of Robert Jones, 62, of Canton.

Police said Jones was shot in the head Saturday after he and a 77-year-old neighbor met in their yards with 38-caliber pistols. The neighbor was in guarded condition in a Canton hospital with a stomach wound.

New York City Police Corruption Bared In Report

NEW YORK (AP) — A special commission reports finding "widespread corruption" in a two-year probe of the New York City police department and recommends appointment of a special deputy state attorney general to root out corruption among policemen, prosecutors and judges.

The Knapp Commission said in a report Sunday that it found graft ranging from well-organized, monthly gambling payoffs to narcotics "scores" of as much as \$80,000 to small but numerous payments to uniformed patrolmen from construction sites, bars and businesses.

The commission urged Gov. Nelson A. Rockefeller to appoint a special prosecutor to head a new, independent watchdog agency "staffed by persons wholly unconnected with the police department" to investigate

and prosecute "all crimes involving corruption in the criminal process."

Neither the public nor honest policemen feel they can trust the city district attorney's offices or investigating commission to handle the job, it said. All those agencies rely on policemen to do the legwork and New Yorkers "just don't trust policemen to investigate each other."

The five-man special commission headed by Whitman Knapp, a Wall Street lawyer since recommended for the federal bench, also advocated these reforms:

—Repeal of antigambling laws and laws barring certain business activities on Sunday to reduce the exposure of policemen to potentially corrupting situations.

—Relieving policemen from enforcing the laws covering construction activities, tow truck operations, bars, nightclubs and businesses. "It is ridiculous to have an armed police officer wasting his time checking restaurant washrooms to find out whether they are properly supplied with soap," the report said.

—Creation of an independent anticorruption group within the police department in which an officer might spend his entire career.

There were also recommendations for more than 30 administrative steps within the department including revision of the Civil Service laws to permit the police commissioner to punish captains, lieutenants and sergeants by reducing them a rank if found guilty of a serious charge.

Sen. Birch Bayh, D-Ind., chief sponsor of the measure, said "it would take out of the marketplace the weapons used most frequently by criminals."

A substitute by Sen. Phillip A. Hart, D-Mich., would totally ban private ownership of handguns and require that the estimated 25 million such weapons now in circulation be turned over to the government in exchange for their fair market value.

Sen. Edward M. Kennedy, D-Mass., said he would try to amend Bayh's bill to require registration of all firearms and licensing of gun owners.

Neither Hart's substitute nor Kennedy's amendment appears to have any chance of Senate acceptance.

But Bayh's bill to ban the commercial sale of easily concealable handguns not suitable for sporting purposes came out of the Senate Judiciary Committee with only two dissenting votes.

Irish Violence Toll Near 500

3 More Killed During Weekend

BELFAST (AP) — Two British soldiers and a youth were killed early Monday as the violence in Northern Ireland increased again, bringing the three-year death toll close to the 500 mark.

The Catholic guerrillas of the Irish Republican Army were reported to have regrouped following the British Army's sweep into their barricaded strongholds in Belfast and Londonderry last week.

Troops manning an army post in Belfast came under fire from an anti-tank bazooka and immediately raided nearby homes in the Andersonstown area but failed to locate the weapon.

Two soldiers were killed and two others were injured when their armored jeep was hurled into a ditch by a mine on a country road in County Fermanagh, near the border.

In Belfast, the body of a youth of about 17 was found on a street, apparently the victim of an assassination squad. He was not immediately identified, but both Catholic and Protestant execution squads have been active in Belfast in recent days.

The three deaths raised the confirmed fatality toll in Ulster since August 1969 to 492, with 283 of them recorded this year.

The IRA's militant Provisional wing warned that its members are ready to resume operations after a lull. Guerrillas who took refuge across the border in the Irish republic last week were reported filtering back into the Londonderry area.

Catholic resentment triggered a major riot in Belfast when a mob stormed an army post in a sports ground, tore down an iron fence with their hands, set an armored car ablaze and stoned troops.

Fight Against Income Tax Repeal Said 'Desperation'

COLUMBUS, Ohio (AP) — State Rep. Raymond Luther, R-19 Newark, has branded as a desperate move an advertisement placed in the Columbus Sunday Dispatch by the United Auto Workers Union urging Ohio voters not to repeal the state's income tax.

The union is aware, said Luther, himself a backer of the repeal movement, "that we've found more support from blue collar workers and the employed than from any other group because they recognize the income tax as a welfare tax."

The ad "certainly appears to be a scare tactic," charged the freshman GOP representative, but added it may well serve to further rather than hinder repeal efforts.

Before the ad, Luther said, "People were just completely ignoring the issue."

Repeal petitions to force the question onto the November ballot for a statewide vote must be in the office of the Secretary of State no later than 4:30 p.m. Wednesday.

Repeal leader Rep. Robert Netzel, R-7 Laura, says they'll be there, and with more than

the 318,000 signatures required for validation.

The ad, carrying the endorsements of the Ohio Council of Retail Merchants, The Ohio Farm Bureau Federation, and the Ohio Education Association, warned readers repeal of the income tax would also deprive voters of the ten per cent property tax rollback, the home-stead exemption for the state's senior citizens, the pension income tax credit, and might lead to imposition of a regressive flat rate tax in its place.

The ad provided a form for those who had already signed the repeal petitions to have their names removed from the repeal rolls.

Should the petitions be certified and the issue, calling for an amendment to the Ohio constitution, be placed on the November ballot and passed, collection of the .5 to 3.5 per cent graduated personal income tax and the 4 to 8 per cent corporations tax by the state would end, effective Jan. 1, 1973.

The amendment would also prohibit enactment of another state income tax without prior approval of the state's voters.

Opponents of the repeal movement have warned its success could bankrupt the state.

Ohio State University tax specialist Fred Stocker issued a report last month saying repeal would dry up \$320 million in revenue during the current biennium and \$1.3 billion in the next.

Losing that much money, stated Stocker, would force schools to close and the state to lay off employees.

Netzel disagrees. If the income tax collection were stopped in January, the veteran lawmaker says, the Gillingham administration would still wind up with a \$500-\$600 million surplus at the end of the fiscal biennium next July.

Normal growth in other taxes currently being collected will increase revenues by about that same amount each biennium, claims the Laura Republican.

Backers of repeal argue passage of the amendment is the only effective check against excessive government spending.

Open Burning By Farmers Permitted By Air Standards

COLUMBUS, Ohio (AP) — Open burning of agricultural and landscape wastes will be permitted under certain conditions under new Ohio Air Pollution Control Board regulations that went into effect today.

Farmers will be able to burn wastes without board approval if they follow certain restrictions. Highway contractors must first obtain board approval for burning.

The regulations were adopted by the board July 24 and were filed with Secretary of State Ted Brown four days later. Ohio law required a 10-day waiting period after that.

Farmers may burn providing the burning is on the premises where the waste originated and is at least 1,000 feet from the corporation limits of a 1,000-to-10,000-population municipality and more than a mile of a city having more than 10,000 people.

Wastes must be stacked and dried to insure efficient combustion, and care must be taken not to create a visible hazard if the burning is done near a highway, airport or railroad.

For contractors, restrictions for disposing of wastes created by land clearing projects are tougher.

In addition to board approval, contractors must use an air curtain destructor or other device to reduce air pollution.

An air curtain destructor forces air into a pit, creating a very hot fire, minimizing pollution. Contractors must specify

what is to be burned the location and the method to be used.

Harvey Rosensweig, a board spokesman, suggested that anyone wishing to burn check local regulations "which may be more stringent than those of the state."

Open burning by homeowners is prohibited within the boundaries of a restricted area if service is available.

In municipalities where there is no trash collection service, open burning is permitted only until such service becomes available or, until July 1, whichever is sooner.

Although nothing is specified about night-time burning, a board staff member said all provisions depend on weather permitting.

"I think that could be used," he said, "to keep a farmer from burning at 3 in the morning. The wind is usually not such to aid in keeping the area pollution free at that time."

U.S. Warplanes Go To Aid Of Cambodians

SAIGON (AP) — The U.S. Command sent scores of American warplanes into Cambodia Sunday and today to aid beleaguered Cambodian forces facing North Vietnamese tanks for the first time.

The command announced that U.S. Marine and Air Force jets flying from Bien Hoa Air Base, 15 miles northeast of Saigon, destroyed 14 Soviet T54 medium tanks along the Saigon-Phnom Penh Highway 14

miles inside the Cambodian border.

It was one of the biggest tank kills claimed in the four-month-old North Vietnamese offensive. The tanks were knocked out as they tried to encircle the Cambodian town of Kompong Trabek, about 85 miles west of Saigon. The North Vietnamese appeared to be trying to secure the highway, a key route for troops and supplies to South Vietnam's northern Mekong

Delta, where a big Communist buildup is reported under way.

In North Vietnam, U.S. Navy jets attacked the Loi Dong transshipment point and storage depot four miles northwest of Haiphong, and pilots reported their bombs set off large orange fireballs and blackened the area with thick smoke.

The U.S. Command said Air Force F4 phantoms beamed 2,000-pound laser bombs into three spans of the Cao Nung

bypass bridge 48 miles north-east of Hanoi on the rail line to China. A spokesman said reconstruction of the bridge was near completion when the spans were knocked out. The bypass bridge had been destroyed earlier in the air campaign and the main bridge has been knocked out three times.

North Vietnam claimed six American planes were shot down Sunday, but the U.S. Command announced only one

loss, a Navy A7 that was downed by an antiaircraft missile 20 miles northwest of Vinh. The pilot was rescued, the command said.

In ground action, South Vietnamese militiamen recaptured five hamlets near Hue today and Sunday in fighting that caused severe civilian casualties. Farther north, North Vietnamese artillery barrages continued to inflict heavy losses

THE Link Brown family must have thought they had too much Pickaway County Fair early Saturday morning when they glanced up in the air to see a large balloon with two men riding in a basket hanging underneath it float by.

Pam, Link's daughter, reported the sighting to The Herald. The balloon landed on the Charlie Radler farm.

PICKAWAY County Commissioners had a fairly uneventful morning and an afternoon without too much on the agenda, according to Wayne Hines, serving as acting chairman during the absence of Dick Tootle, presently a patient in Mt. Carmel Hospital, Columbus.

The good news from the commissioners' office is that Tootle may be released from the hospital Tuesday.

Antique Fire Apparatus Competes

CINCINNATI, Ohio (AP) — Eighteen pieces of antique fire equipment from communities in Ohio, Indiana and Kentucky gathered in Cincinnati Sunday for the second annual Fire Apparatus Show and Muster, sponsored by the Miles Greenwood Historical Apparatus Society.

The fire trucks, ranging in vintage from as old as 1915 to as modern as 1942, came from as far away as Union, Ky., and Indianapolis. Both individuals and fire departments entered the event.

Three top prizes were awarded for different categories of pumping equipment. They went to Chip Lytle of Kettering, Ohio, and the Madison Place and Glendale fire departments in Hamilton County.

The Wyoming Fire Department topped competition for the fastest alarm response.

There was also a prize for the slowest response, a tricky feat, sponsor said, since fire equipment is designed for speed. The prize went to Richard Schroeder of Norwood, Ohio, and his 1928 Studebaker.

Robert Ison of Cincinnati had the best equipped truck; Beard Sheard, Cincinnati, the best of the show, and Jim Doherty, Indianapolis, traveled the greatest distance to the competition.

The Greenwood society was named for Cincinnati's first police chief and fire chief. Cincinnati had the first paid, professional fire department in the United States.

New York City Police Corruption Bared In Report

NEW YORK (AP) — A special commission reports finding "widespread corruption" in a two-year probe of the New York City police department and recommends appointment of a special deputy state attorney general to root out corruption among policemen, prosecutors and judges.

The Knapp Commission said in a report Sunday that it found graft ranging from well-organized, monthly gambling payoffs to narcotics "scores" of as much as \$80,000 to small but numerous payments to uniformed patrolmen from construction sites, bars and businesses.

CINCINNATI (AP) — Disorderly conduct and parading without a permit charges have been dropped in the cases of four Vietnam Veterans Against the War and a woman companion arrested for carrying antiwar placards in a Memorial Day Parade in suburban North College Hill, Ohio.

Fight Against Income Tax Repeal Said 'Desperation'

COLUMBUS, Ohio (AP) — State Rep. Raymond Luther, R-19 Newark, has branded as a desperate move an advertisement placed in the Columbus Sunday Dispatch by the United Auto Workers Union urging Ohio voters not to repeal the state's income tax.

The union is aware, said Luther, himself a backer of the repeal movement, "that we've found more support from blue collar workers and the employed than from any other group because they recognize the income tax as a welfare tax."

The ad "certainly appears to be a scare tactic," charged the freshman GOP representative, but added it may well serve to further rather than hinder repeal efforts.

Before the ad, Luther said, "People were just completely ignoring the issue."

Repeal petitions to force the question onto the November ballot for a statewide vote must be in the office of the Secretary of State no later than 4:30 p.m. Wednesday.

Repeal leader Rep. Robert Netzel, R-7 Laura, says they'll be there, and with more than

the 318,000 signatures required for validation.

The ad, carrying the endorsements of the Ohio Council of Retail Merchants, The Ohio Farm Bureau Federation, and the Ohio Education Association, warned readers repeal of the income tax would also deprive voters of the ten per cent property tax rollback, the home-stead exemption for the state's senior citizens, the pension income tax credit, and might lead to imposition of a regressive flat rate tax in its place.

The ad provided a form for those who had already signed the repeal petitions to have their names removed from the repeal rolls.

Should the petitions be certified and the issue, calling for an amendment to the Ohio constitution, be placed on the November ballot and passed, collection of the .5 to 3.5 per cent graduated personal income tax and the 4 to 8 per cent corporations tax by the state would end, effective Jan. 1, 1973.

The amendment would also prohibit enactment of another state income tax without prior approval of the state's voters.

Opponents of the repeal movement have warned its success could bankrupt the state.

Ohio State University tax specialist Fred Stocker issued a report last month saying repeal would dry up \$320 million in revenue during the current biennium and \$1.3 billion in the next.

Losing that much money, stated Stocker, would force schools to close and the state to lay off employees.

Netzel disagrees. If the income tax collection were stopped in January, the veteran lawmaker says, the Gilligan administration would still wind up with a \$500-\$600 million surplus at the end of the fiscal biennium next July.

Normal growth in other taxes currently being collected will increase revenues by about that same amount each biennium, claims the Laura Republican.

Backers of repeal argue passage of the amendment is the only effective check against excessive government spending.

Open Burning By Farmers Permitted By Air Standards

COLUMBUS, Ohio (AP) — Open burning of agricultural and landscape wastes will be permitted under certain conditions under new Ohio Air Pollution Control Board regulations that went into effect today.

Farmers will be able to burn wastes without board approval if they follow certain restrictions. Highway contractors must first obtain board approval for burning.

The regulations were adopted by the board July 24 and were filed with Secretary of State Ted Brown four days later. Ohio law required a 10-day waiting period after that.

Farmers may burn providing the burning is on the premises where the waste originated and is at least 1,000 feet from the corporation limits of a 1,000-to-10,000-population municipality and more than a mile of a city having more than 10,000 people.

Wastes must be stacked and dried to insure efficient combustion, and care must be taken not to create a visibility hazard if the burning is done near a highway, airport or railroad.

For contractors, restrictions for disposing of wastes created by land clearing projects are tougher.

In addition to board approval, contractors must use an air curtain destructor or other device to reduce air pollution.

An air curtain destructor forces air into a pit, creating a very hot fire, minimizing pollution.

Contractors must specify

what is to be burned the location and the method to be used.

Harvey Rosenzweig, a board spokesman, suggested that anyone wishing to burn check local regulations "which may be more stringent than those of the state."

Open burning by homeowners is prohibited within the boundaries of a restricted area if service is available.

In municipalities where there is no trash collection service, open burning is permitted only until such service becomes available or, until July 1, whichever is sooner.

Although nothing is specified about night-time burning, a board staff member said all provisions depend on weather permitting.

"I think that could be used," he said, "to keep a farmer from burning at 3 in the morning. The wind is usually not such to aid in keeping the area pollution free at that time."

U.S. Warplanes Go To Aid Of Cambodians

SAIGON (AP) — The U.S. Command sent scores of American warplanes into Cambodia Sunday and today to aid beleaguered Cambodian forces facing North Vietnamese tanks for the first time.

The command announced that U.S. Marine and Air Force jets flying from Bien Hoa Air Base, 15 miles northeast of Saigon, destroyed 14 Soviet T54 medium tanks along the Saigon-Phnom Penh Highway 14

miles inside the Cambodian border.

It was one of the biggest tank kills claimed in the four-month-old North Vietnamese offensive.

The tanks were knocked out as they tried to encircle the Cambodian town of Kompong Trabek, about 85 miles west of Saigon. The North Vietnamese appeared to be trying to secure the highway, a key route for troops and supplies to South Vietnam's northern Mekong

Delta, where a big Communist buildup is reported under way.

In North Vietnam, U.S. Navy jets attacked the Loi Dong transshipment point and storage depot four miles northwest of Haiphong, and pilots reported their bombs set off large orange fireballs and blackened the area with thick smoke.

The U.S. Command said Air Force F4 phantoms beamed 2,000-pound laser bombs into three spans of the Cao Nung

bypass bridge 48 miles north-east of Hanoi on the rail line to China. A spokesman said reconstruction of the bridge was near completion when the spans were knocked out. The bypass bridge had been destroyed earlier in the air campaign and the main bridge has been knocked out three times.

North Vietnam claimed six American planes were shot down Sunday, but the U.S. Command announced only one

loss, a Navy A7 that was downed by an antiaircraft missile 20 miles northwest of Vinh. The pilot was rescued, the command said.

In ground action, South Vietnamese militiamen recaptured five hamlets near Hue today and Sunday in fighting that caused severe civilian casualties. Farther north, North Vietnamese artillery barrages continued to inflict heavy losses

Three top prizes were awarded for different categories of pumping equipment. They went to Chip Lytle of Kettering, Ohio, and the Madison Place and Glendale fire departments in Hamilton County.

The Wyoming Fire Department topped competition for the fastest alarm response.

There was also a prize for the slowest response, a tricky feat, sponsor said, since fire equipment is designed for speed. The prize went to Richard Schroeder of Norwood, Ohio, and his 1928 Studebaker.

Robert Ison of Cincinnati had the best equipped truck; Beard Sheard, Cincinnati, the best of the show, and Jim Doherty, Indianapolis, traveled the greatest distance to the competition.

The Greenwood society was named for Cincinnati's first police chief and fire chief. Cincinnati had the first paid, professional fire department in the United States.

A battalion of more than 100 North Vietnamese and Viet Cong occupied the five hamlets 10 miles southeast of Hue before dawn Sunday. Government militiamen recaptured one of the villages Sunday afternoon, three more during the night and the fifth this morning.

Associated Press correspondent Holger Jensen reported that at least 18 civilians were killed and 14 wounded in one hamlet alone.

Some were forced to remain in the bunkers with the North Vietnamese and Viet Cong and were blown up by grenades thrown inside by the government troops. Others were killed or wounded when their homes were hit by South Vietnamese shells. Others tried to flee when the North Vietnamese moved in, and the Communists shot them.

Two South Vietnamese marines were killed and 58 were wounded by a 700-round artillery and mortar barrage and ground clashes on the edges of Quang Tri City. Thirty-one North Vietnamese were reported killed.

Field commanders indicated their units were suffering 1 to 20 per cent casualties, mainly from Hanoi's Soviet 130mm guns, which have a range of more than 17 miles.

Meanwhile, the South Vietnamese Defense Ministry announced that Defense Minister Nguyen Van Vy, has been fired and forced into retirement because of embezzlement from the savings fund to which all soldiers were forced to contribute. Seven colonels also were relieved of command, and Vy was put under house arrest to prevent him leaving the country.

Burglar Surprised By Occupant

A burglar, who made his escape after being surprised by the returning resident, is the object of a search by Circleville police.

Mrs. Virgie Cox, 137 Watt St., Apt. 5, returned home shortly before midnight Sunday. When she opened the apartment door she was confronted by a man who fled out the back door and disappeared.

A check of the apartment by city police revealed that a bedroom window had been forced and the screen cut to gain entrance.

Mrs. Cox reported that a wedding ring, watch and two silver dollars were missing.

Two Fires Located At Court, Walnut

Walnut and S. Court St. was the location for two calls to the Circleville Fire Department over the weekend, both minor.

At noon Sunday, the fire force were called to extinguish a small blaze in a 1965 Volkswagen belonging to Danny Gordon, Circleville. Estimate of loss was \$10.

Monday morning, shortly before 9, the firemen went to the same location, only inside Jack's Tavern this time, to investigate a smoking light fixture. They found the cause to be an old light ballast. The building is owned by Jack Heeter.

Woman Cited On Drug Rap

An anonymous tip led to the arrest of a 22-year-old Circleville woman 4:30 p.m. Saturday on a possession of marijuana charge.

Roseann Myers, 208 1/2 N. Scioto St., was arrested by city police after a bag containing 16 grams of marijuana was found in her apartment.

Police were informed that the woman had a bag of marijuana hidden in a closet in her apartment and a search warrant was obtained.

Sgt. Wes Barton and Jerry Smallwood, accompanied by Ptl. John Immell and Joe Stevenson, made a search of the property and found the marijuana.

She will appear in municipal court 1:30 p.m. Aug. 18.

Stolen Car Set Afire

Fire destroyed the remains of a late model car stolen from Columbus early Saturday, according to a report in the Pickaway County Sheriff's Department.

The car was found burning on Thomas-Waterloo Road at the west end of Deercreek State Park 2:30 a.m. Saturday. It had been stripped of motor and wheels.

The car was reported stolen earlier Saturday by owner James Snyder, Columbus.

Scioto Society Amphitheatre Dedication Set In September

Scioto Society trustee board meets Tuesday evening at the Sugarloaf mountain amphitheatre site to finalize plans for the formal dedication of the amphitheatre.

Noon on Saturday, Sept. 9, has been scheduled for the celebration. Entertainment for the afternoon will feature musical talent from Ross, Pike and Pickaway counties as well as historical displays.

Following an ox roast from 3:30 to 5:30, the Cincinnati Symphony will entertain at a concert under the stars.

Tickets for the event are for sale at Yates Motor Co., 1220 S. Court St.

Pickaway County board members Bill Stout, Alvin Perdon, Mrs. Roger May, Mrs. William Radcliff, Mrs. Clark Will, Mrs. William Robertson and Mrs. David Yates are hoping for a large attendance from this county at the dedication.

The appearance of the Cincinnati orchestra will be the first of many cultural events which will be made possible by the magnificent new amphitheatre. The natural beauty of the mountain setting and the fine acoustics of the amphitheatre itself will make large scale outdoor entertainment an integral part of life in central Ohio.

Symphony, opera, musical comedy and band concerts will share the stage with the epic drama, Tecumseh, which will premier in June of 1973.

Motorcyclist Hurt Sunday; Hits Dog

Timothy J. Wells, 22, Route 2, Ashville, was treated and released from Berger Hospital's emergency room after a dog ran in front of his motorcycle 3 p.m. Sunday and sent it skidding 80 feet out of control.

Wells was treated for right shoulder pains and lacerations to both hands.

The accident occurred on the South Bloomfield - Royaltown Road, a half mile west of the Circleville - Groveport Road. Wells was driving east on the road. A passenger on the motorcycle, William Richards, 18, Route 2, Ashville, was not injured.

The dog owned by Jerry Hill, Route 2, Ashville, was killed.

Pickaway County Sheriff's Deputy Warren Straley charged David Walls, 27, Route 2, with reckless operation following his single car crash 12:10 a.m. Sunday on Route 22, just east of Route 138.

Straley said Walls was driving north on Route 138 and was attempting to turn right onto Route 22 when his car drove into the right ditch and destroyed three rods of fence and three posts owned by Harold Dowden, Route 2.

Neither Walls nor two passengers in his car were hurt.

Two Fires Investigated

Two fires, cause unknown in both, did an estimated \$5,000 damage in Pickaway County Sunday morning.

Pickaway County Sheriff's Deputy Earl Kuhn and auxiliary deputy Vaughn Hardman spotted a fire near Darbyville 2:04 a.m. Sunday while on routine patrol on Route 62.

They found a barn, on the Circleville - London - Northern Road used by Roger Drummond, completely engulfed in flames.

Harrisburg fire units were called to the scene to control spreading.

The barn, a 30-foot by 60-foot structure, housed some farm machinery and hay. Loss was set at \$3,000.

Charles Kerns, Circleville - Commercial Point Road, reported 9:31 a.m. Sunday that a tractor, owned by Bill Richards, Route 2, was on fire.

Damage, set at \$2,000, was confined to the engine area.

Then Sen. Hubert H. Humphrey also rejected the vice-presidential offer and Shriver's political supporters realized they had a good chance.

Wednesday night, Shriver's closest backers met to launch a serious campaign for him.

Last Thursday, when Muskie was officially asked to join the McGovern ticket, Mankiewicz informed Shriver allies that there still was a very, very strong possibility that Shriver could be the ultimate choice.

Mankiewicz, who was Sen. Robert F. Kennedy's press secretary, was a leading backer of Shriver, husband of Eunice Kennedy.

On Friday morning Shriver received a hopeful telephone call from Mankiewicz, saying "it was possible but not probable" that he'd be the nominee.

Shriver aids continued the stream of telephone calls to potential backers.

After the announcement Shriver signed: "I never thought I would survive the list."

24 Injured At Kentucky Reformatory

LA GRANGE, Ky. (AP) — A disturbance at the Kentucky State Reformatory Sunday—the second of the summer—left injured at least 24 of an estimated 300-400 inmates who took part.

Racial tensions led to Sunday's trouble, officials said, unlike a June 2 disturbance which was blamed partly on drugs.

Warden Harold E. Black said an estimated 100 to 200 white prisoners "squared off" against about an equal number of black inmates in the prison yard. He said fighting between the two groups lasted about 15 minutes until quelled by prison guards armed with shotguns and trained in riot-control.

The warden said 24 inmates "came into the hospital area for treatment." However, he noted, more may have been injured.

Burglar Surprised By Occupant

A burglar, who made his escape after being surprised by the returning resident, is the object of a search by Circleville police.

Mrs. Virgie Cox, 137 Watt St., Apt. 5, returned home shortly before midnight Sunday. When she opened the apartment door she was confronted by a man who fled out the back door and disappeared.

A check of the apartment by city police revealed that a bedroom window had been forced and the screen cut to gain entrance.

Mrs. Cox reported that a wedding ring, watch and two silver dollars were missing.

Two Fires Located At Court, Walnut

Walnut and S. Court St. was the location for two calls to the Circleville Fire Department over the weekend, both minor.

At noon Sunday, the fire force were called to extinguish a small blaze in a 1965 Volkswagen belonging to Danny Gordon, Circleville. Estimate of loss was \$10.

Monday morning, shortly before 9, the firemen went to the same location, only inside Jack's Tavern this time, to investigate a smoking light fixture. They found the cause to be an old light ballast. The building is owned by Jack Heeter.

Woman Cited On Drug Rap

An anonymous tip led to the arrest of a 22-year-old Circleville woman 4:30 p.m. Saturday on a possession of marijuana charge.

Roseann Myers, 208½ N. Scioto St., was arrested by city police after a bag containing 16 grams of marijuana was found in her apartment.

Police were informed that the woman had a bag of marijuana hidden in a closet in her apartment and a search warrant was obtained.

Sgt. Wes Barton and Jerry Smallwood, accompanied by Ptl. John Immell and Joe Stevenson, made a search of the property and found the marijuana.

She will appear in municipal court 1:30 p.m. Aug. 18.

Stolen Car Set Afire

Fire destroyed the remains of a late model car stolen from Columbus early Saturday, according to a report in the Pickaway County Sheriff's Department.

The car was found burning on Thomas-Waterloo Road at the west end of Deercreek State Park 2:30 a.m. Saturday. It had been stripped of motor and wheels.

The car was reported stolen earlier Saturday by owner James Snyder, Columbus.

Scioto Society Amphitheatre Dedication Set In September

Scioto Society trustee board meets Tuesday evening at the Sugarloaf mountain amphitheatre site to finalize plans for the formal dedication of the amphitheatre.

Noon on Saturday, Sept. 9, has been scheduled for the celebration. Entertainment for the afternoon will feature musical talent from Ross, Pike and Pickaway counties as well as historical displays.

Following an ox roast from 3:30 to 5:30, the Cincinnati Symphony will entertain at a concert under the stars.

Tickets for the event are for sale at Yates Motor Co., 1229 S. Court St.

Pickaway County board members Bill Stout, Alvin Perdion, Mrs. Roger May, Mrs. William Radcliff, Mrs. Clark Will, Mrs. William Robertson and Mrs. David Yates are hoping for a large attendance from this county at the dedication.

The appearance of the Cincinnati orchestra will be the first of many cultural events which will be made possible by the magnificent new amphitheatre. The natural beauty of the mountain setting and the fine acoustics of the amphitheatre itself will make large scale outdoor entertainment an integral part of life in central Ohio.

Symphony, opera, musical comedy and band concerts will share the stage with the epic drama, Tecumseh, which will premier in June of 1973.

Every Pickaway County

resident is invited to attend the formal dedication Sept. 9 and help celebrate an historic cultural event.

McGovern . . .

(Continued from Page 1)
ber said, indicating that, at first, Shriver would be concentrating on the nation's large cities and on such issues as foreign policy and welfare.

Shriver has intimate acquaintance with both subjects, drawing on experience obtained as U.S. ambassador to France, the first head of the Peace Corps and the director of the Office of Economic Opportunity.

He showed no unhappiness at his relatively low placing on McGovern's list of vice-presidential possibilities and said he is looking forward to his meeting Tuesday night with the Democratic National Committee.

Barring the unexpected, the committee will proceed to nominate Shriver just as the Democratic National Convention last month approved McGovern's choice of Sen. Thomas F. Eagleton as the vice-presidential nominee.

Sharing a lunch of barbecued hamburgers and hot dogs with newsmen, Shriver said he was able to tell McGovern, without reservation, that there was nothing in his past that could embarrass either the candidate or the party.

And referring to the now-famous question asked Eagleton at Miami Beach, he laughed and said: "If there are any skeletons in my closet, I hope I get their full support."

Eagleton formally withdrew from the race July 31 after conceding a week with the political storm raised by his disclosure that he had been a psychiatric patient three times in the 1960s and had received electric-shock treatment for depression.

When McGovern asked him about the skeletons, Shriver said, he replied that he couldn't think of anything that might adversely affect the ticket's chances of success.

Shriver was on Cape Cod when McGovern called Saturday and offered the nomination.

Shriver's first mission after flying back to Washington late Saturday was a midnight visit to the gravesites of his two slain brothers-in-law, President John F. Kennedy and Sen. Robert F. Kennedy.

Sunday, he said he was pleased to have the enthusiastic support of his mother-in-law, Rose Kennedy, and the surviving brother, Sen. Edward M. Kennedy, D-Mass.

McGovern, meanwhile, spent most of the day relaxing, playing tennis with his wife at Hickory Hill, the home of Mrs. Robert Kennedy.

The presidential nominee met Shriver for a picture-taking session in late afternoon and spent some time planning his Tuesday address to the Miami convention of the Amalgamated Meat Cutters union.

Motorcyclist Hurt Sunday; Hits Dog

Timothy J. Wells, 22, Route 2, Ashville, was treated and released from Berger Hospital's emergency room after a dog ran in front of his motorcycle 3 p.m. Sunday and sent it skidding 80 feet out of control.

Wells was treated for right shoulder pains and lacerations to both hands.

The accident occurred on the South Bloomfield - Royalton Road, a half mile west of the Circleville - Groveport Road. Wells was driving east on the road. A passenger on the motorcycle, William Richards, 18, Route 2, Ashville, was not injured.

The dog owned by Jerry Hill, Route 2, Ashville, was killed.

Pickaway County Sheriff's Deputy Warren Straley charged David Wells, 27, Route 2, with reckless operation following his single car crash 12:10 a.m. Sunday on Route 22, just east of Route 138.

Straley said Wells was driving north on Route 138 and was attempting to turn right onto Route 22 when his car drove into the right ditch and destroyed three rods of fence and three posts owned by Harold Dowden, Route 2.

Neither Wells nor two passengers in his car were hurt.

Two Fires Investigated

Two fires, cause unknown in both, did an estimated \$5,000 damage in Pickaway County Sunday morning.

Pickaway County Sheriff's Deputy Earl Kuhn and auxiliary deputy Vaughn Hardman spotted a fire near Darbyville 2:04 a.m. Sunday while on routine patrol on Route 62.

They found a barn, on the Circleville - London - Northern Road used by Roger Drummond, completely engulfed in flames.

Harrisburg fire units were called to the scene to control spreading.

The barn, a 30-foot by 60-foot structure, housed some farm machinery and hay. Loss was set at \$3,000.

Charles Kerns, Circleville - Commercial Point Road, reported 9:31 a.m. Sunday that a tractor, owned by Bill Richards, Route 2, was on fire.

Damage, set at \$2,000, was confined to the engine area.

(Continued from Page 1)

Then Sen. Hubert H. Humphrey also rejected the vice-presidential offer and Shriver's political supporters realized they had a good chance.

Wednesday night, Shriver's closest backers met to launch a serious campaign for him.

Last Thursday, when Muskie was officially asked to join the McGovern ticket, Mankiewicz informed Shriver allies that there still was a very, very strong possibility that Shriver could be the ultimate choice.

Mankiewicz, who was Sen. Robert F. Kennedy's press secretary, was a leading backer of Shriver, husband of Eunice Kennedy.

On Friday morning Shriver received a hopeful telephone call from Mankiewicz saying "it was possible but not probable" that he'd be the nominee. Shriver aides continued the stream of telephone calls to potential backers.

After the announcement Shriver sighed: "I never thought I would survive the list."

24 Injured At Kentucky Reformatory

LA GRANGE, Ky. (AP) — A disturbance at the Kentucky State Reformatory Sunday—the second of the summer—left injured at least 24 of an estimated 300-400 inmates who took part.

Racial tensions led to Sunday's trouble, officials said, unlike a June 2 disturbance which was blamed partly on drugs.

Warden Harold E. Black said an estimated 100 to 200 white prisoners "squared off" against about an equal number of black inmates in the prison yard. He said fighting between the two groups lasted about 15 minutes until quelled by prison guards armed with shotguns and trained in riot-control.

The warden said 24 inmates "came into the hospital area for treatment." However, he noted, more may have been injured.

Laurelville Postal Clerk Ends Career

Miss Celesta Hoy ended her 30 year career as clerk in the Laurelville Post Office Friday.

She started working as postal clerk on July 16, 1942 under Postmaster Freida M. Lappen. She served under postmaster Kathryn Whisler for four years and for the past 11 years she has worked under Florence M. Pontious, Laurelville's present postmaster.

Miss Hoy plans to do things that she hasn't had time for in the past 30 years during her retirement.

Friends and neighbors presented Miss Hoy a bracelet watch and gown and robe set. Co-workers, Mrs. Pontious, Mrs. Fred Fetherolf, Don Kempton, and Robert Brandt presented her a two-piece luggage set at an office party held in Miss Hoy's honor.

Mrs. Fetherolf will replace Miss Hoy as clerk in the post office.

Set Hearing On Migrant Labor Camps

COLUMBUS, Ohio (AP) — Court hearings are scheduled in three Northwestern Ohio counties later this month on injunctions sought by the state against seven migrant labor camps for allegedly failing to meet sanitation standards.

A spokesman for the state attorney general's office said Friday the alleged violations involve 19 rules and regulations of the sanitary code and are "clear cut."

He said the state turned to the courts after the camps failed to heed warnings by the Ohio Department of Health to improve unsanitary and substandard dwellings or face legal action.

The schedule of hearings on the injunctions:

—Aug. 21 in Ottawa County for Lyle Boyer of Oak Harbor.

—Aug. 21 in Sandusky County for William Sachs of rural Fremont.

—Aug. 28 in Wood County for Emerson Stickle of Pemberville, Richard Emch of Bowling Green, Robert Vetter of Custar, and Paul Kale and Howard Hecke, towns unavailable.

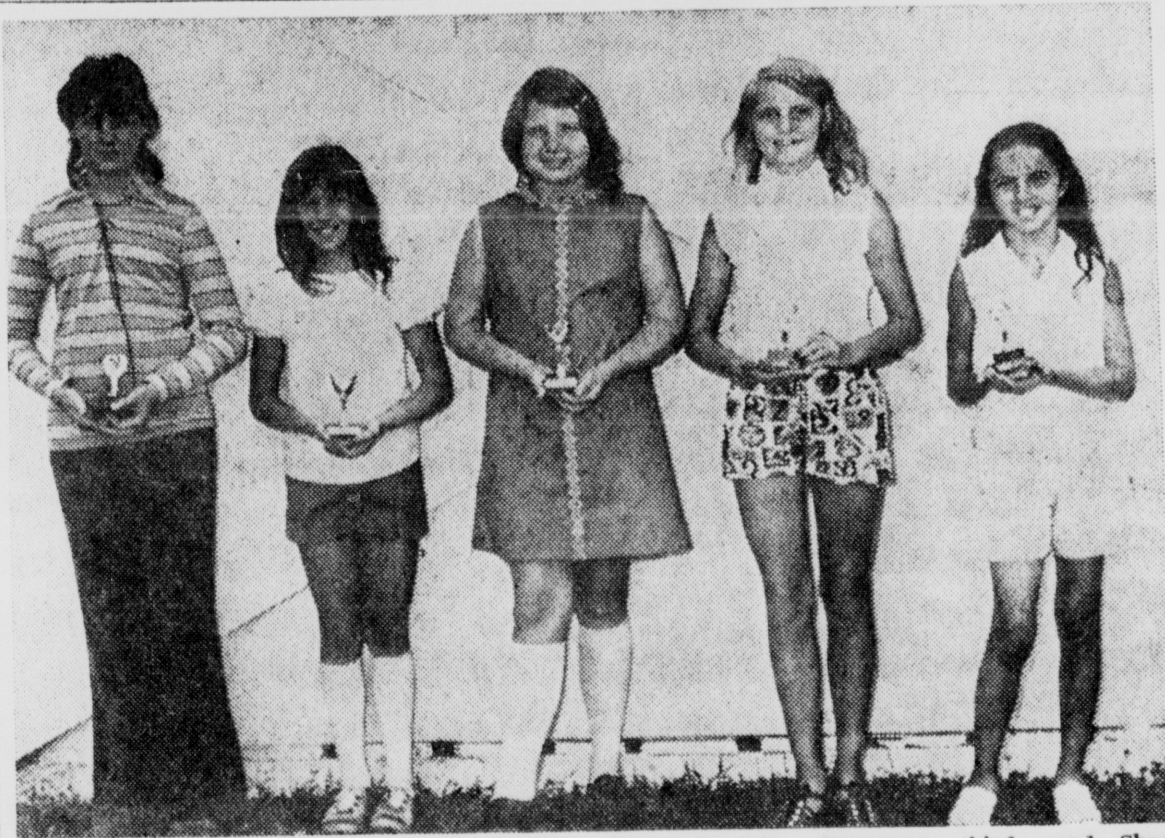

Overseas Airways Takes Facilities At Wilmington

WILMINGTON, Ohio (AP) — Within the next three weeks, Overseas National Airways, Inc., plans to move its maintenance facilities from Norfolk, Va., to an industrial park being established here.

Officials of the supplemental air carrier announced its plans Friday, saying that about 75 workers will be involved in the operation here. About 40 per cent of them will be transferred from Norfolk.

The park on the abandoned Clinton County Air Force Base is under development by Community Improvement Corp., an agent of the Clinton County Commission.

ONA has 23 aircraft transporting cargo and specialty charters doing mainly government business. The firm will operate and maintain a 9,000-foot-long runway.

GM Strike At Cincy Continues

CINCINNATI (AP) — Negotiations continue today on the four-month anniversary of the beginning of the United Auto Worker strike against the General Motors Assembly Division plant at Norwood, Ohio.

Some 3,900 members of Local 674 walked out April 7 in a dispute over a new contract for the GMAD plant which merged the Norwood Chevrolet and Fisher body plants. The new operation produced all of GM's Pontiac Firebirds and Chevrolet Camaros and some Novas.

The union charged the company with increasing the assembly line speed and reducing personnel. The company denied the charge and later said they would reduce the speed from 55.8 to 49 cars per hour.

Frank James, administrative assistant for GM affairs in the UAW international at Detroit, addressed a Sunday session "to clear the air." James told the session that the dispute would have to be settled locally. There would be no agreements reached in Detroit between the union and GM.

Robert Clark, GM director of labor relations and Richard Jeffries, general director of labor relations for the GM assembly division also attended the meeting.

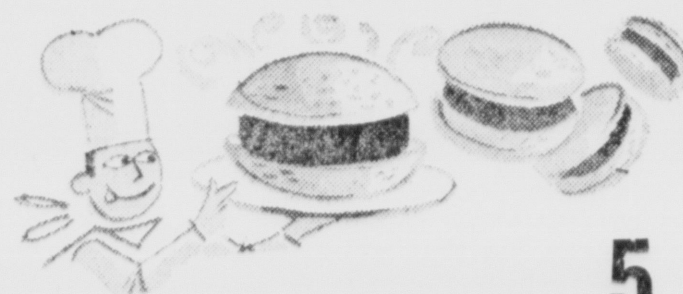

A spokesman said GM's only comment would be "no progress."

Aug. 7: Darlene Richardson, Debby Dyer, Bob Timmons, Jerry Mowery, Blayne Faber — Aug. 8: Betty Dick, Russell Ratcliff, Clark Van Horn, Joe Lahmer, Marie McGhee, Carl Tobin — Aug. 10: Carla Monahan, Janet Neff, Marilyn Keller, Aug. 11: Bertie Musselman, Linda Sines — Aug. 12.

GM Strike At Cincy Continues

CINCINNATI (AP) — Negotiations continue today on the four-month anniversary of the beginning of the United Auto Worker strike against the General Motors Assembly Division plant at Norwood, Ohio.

Some 3,900 members of Local 674 walked out April 7 in a dispute over a new contract for the GMAD plant which merged the Norwood Chevrolet and Fisher body plants. The new operation produced all of GM's Pontiac Firebirds and Chevrolet Camaros and some Novas.

The union charged the company with increasing the assembly line speed and reducing personnel. The company denied the charge and later said they would reduce the speed from 55.8 to 49 cars per hour.

Frank James, administrative assistant for GM affairs in the UAW international at Detroit, addressed a Sunday session "to clear the air." James told the session that the dispute would have to be settled locally. There would be no agreements reached in Detroit between the union and GM.

Robert Clark, GM director of labor relations and Richard Jeffries, general director of labor relations for the GM assembly division also attended the meeting.

A spokesman said GM's only comment would be "no progress."

Taking It With You

The romance of railroading may not be dead yet, for private enterprise has come up with a possible solution to the economic ills of passenger transportation that should give Amtrak something to think about.

Auto-Train, operated by the Auto Train Corp., has elicited nothing but satisfaction from patrons in runs between Lorton, Va., outside of Washington, D.C., to Sanford, Fla., near Disney World. A family of four for example, can take the family car with it for the price of the tickets — dinner and breakfast included.

The cash outlay is significantly lower than air transport — and availability of the automobile at the end of the line is an appreciable convenience.

This is a nation on wheels and Amtrak ought to reassess the sagacity of a potentially profitable idea, one that Congress foolishly dismissed when the Department of Transportation sought funds for such a service in 1966.

If Auto-Train's expanding schedule proves profitable over the long run, Congress would do well to examine anew Amtrak's less than spectacular performance to date. It should consider whether Auto-Train's piggyback ride is not worth emulating in the interest of improved rail health.

Oil Reciprocity

The main reason Canadian officials give for objecting to a pipeline from Prudhoe Bay to Valdez to carry oil from the North Slope is that an oil spill from tankers carrying the oil down the west coast could do serious damage to Canadian ecology.

They favor, instead, a continuous pipeline across Canada to the United States market.

What is seldom mentioned in this argument is that tankers already are carrying oil along east coast sealanes, but in the opposite direction — from Venezuela to Portland, Me. — from which point pipelines carry it to Montreal.

Tanker spills are just as possible on the east coast as on the west coast, the only difference being which nation absorbs the damage. A Norwegian tanker heading into Portland did spring a leak, necessitating a clean-up operation.

The question of pipelines versus tankers is an economic one. Muddying the issue with claims of concern for one country's ecology while ignoring similar damage to another helps no one.

Ma'am, Sir!

A U.S. House Armed Services subcommittee may have a point when it says the military would not have to draft so many men if it did a better job recruiting women and made better use of them once they were in uniform.

There are now more than 42,000 women in the armed services and the subcommittee presumably believes the number could be enlarged considerably if such accommodations as the service academies were opened to women.

That is, an equal-opportunity-in-the-service program.

This could have the effect of bringing in more women, but it might also discourage prospective male recruits, especially those who can't see addressing a tank commander as "ma'am."

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Despite all its dieting, America is still one of the world's greatest bread eating nations. We consume over 14 billion pounds a year, or about 73 pounds a person.

If you want to be a writer, it's hard to write about a subject people find much more interesting than money. One of the biggest all-time nonfiction best sellers is a book titled, "A Guide Book of U.S. Coins."

When you see a pink elephant coming at you on a hangover morning, do you know what you've got? You've got Zoppia, the hallucination that you are being chased by animals.

The infamous Bastille of Paris, a symbol of the French Revolution, wasn't a lockup for common rogues and criminals. It was a jail largely for nobles who had offended the king or his men. The prisoners often had spacious apartments, dined on the best delicacies and wine, and sometimes had wild parties at which they entertained up to 20 outside guests.

Quotable notables: "Anybody can win, unless there happens to be a second entry."—Indiana novelist George Ade.

The rising cost of government: In the decade from 1960 through 1970, the average U.S. family—including families in which the wife worked also—earned \$74,874. From that amount Uncle Sam took about a year's pay—\$10,070—in income and Social Security taxes alone. But for each \$100 a worker forks out for U.S. income and Social Security taxes, the Tax Foundation says, the federal government collects another \$74 in hidden taxes.

The fact sheet: George Washington Carver found more than 100 new commercial uses for the sweet potato. One out of three Americans today is a bicyclist. But bike riding is of doubtful value in weight reduction, as you use only one-fifth of a horsepower to pedal 10 miles an hour—little more than in walking. Modern tennis developed from a game played on horseback in the 12th century.

It was Bugs Baer who observed, "Alimony is like buying oats for a dead horse."

TUESDAY'S HOROSCOPE

GENERAL TENDENCIES:

An interesting day for you now have magnanimous and expansive ideas, plus the ability to put them across. You also are able to tune in easily on whatever plan and procedure that is best for you in the days ahead. Make sure you compliment others for their loyal support.

ARIES (Mar. 21 to Apr. 19)

If you think on a higher plane you can become highly inspired and know what proper steps to take. Express your creative ideas first. Evening can be very happy from a personal standpoint.

TAURUS (Apr. 20 to May 20)

You can handle property and family affairs most intelligently now, so get an early start. State your aims to bigwigs who can help you attain them. Pleasing mate and friends tonight is easy.

GEMINI (May 21 to June 21)

State to associates what you want from them and they will easily go along with your ideas. Show that you are a very constructive thinker. You are able to pick the right words in correspondence.

MOON CHILDREN (June 22 to July 21)

Analyze your monetary position with others and do the work that makes your whole life more streamlined. Strive for more harmony at home and add to present happiness appreciably.

LEO (July 22 to Aug. 21)

Go to a financier for the backing you want and need right now. Make sure you dress well. Attend a special social function in the evening and come in contact with people you want to meet.

VIRGO (Aug. 22 to Sept. 22)

Meet with a financial adviser and plan the future intelligently, and in minute detail. Improve your health so that you can accomplish more. Get rid of a bad habit you have. Be wise.

LIBRA (Sept. 23 to Oct. 22)

Try to set up a better set of conditions between you and friends by using diplomacy. A little favor here and there can be most helpful. Being willing to give more credit to others is wise.

SCORPIO (Oct. 23 to Nov. 21)

Try to be as efficient as you can now when high-ups are watching you and benefit much thereby. Getting into civic work may be difficult but will bring success soon. Keep active.

SAGITTARIUS (Nov. 22 to Dec. 21)

The planets are favorable today and you can be dynamic and make the right impression on others. A fine personal philosophy of life can be enhanced now. It only needs a little change.

CAPRICORN (Dec. 22 to Jan. 20)

Study your position with others and see where to make improvements so that the future is brighter. Closest tie is most affectionate in the evening. Make fine plans for the future.

AQUARIUS (Jan. 21 to Feb. 19)

Make contacts with others now and gain their respect and achieve the results you want. Listen carefully to what others have to suggest. You can become more popular if you try.

PISCES (Feb. 20 to Mar. 20)

You are confused about how to handle important work ahead of you, but if you talk to a higher-up, you will get the necessary help. Investigate worldly matters and store up knowledge.

IF YOUR CHILD IS BORN TODAY . . .

he or she will be one of those delightful young people who will see the world through rose colored glasses and therefore needs no prodding as to the imaginative. Direct education along the right lines to make the dreams come true, otherwise your youngsters will coast along in life doing little but daydream. Give the right religious training early. Don't neglect to give proper exercise.

Speaking of YOUR HEALTH...

by LESTER L. COLEMAN, M.D.

I didn't know until my wife was in the hospital that there are different types of fever.

I realized how little I and perhaps most people know about what normal body temperature is.

Mr. E.S., Colo.

Dear Mr. S.:

The mechanism by which temperature is controlled is an exciting interplay of body function.

There is a distinction between "fever" and "temperature." Temperature is the normal degree of body heat of any living being. Fever is an elevation of that body temperature.

Generally, it is accepted that normal temperature by mouth is 98.6 F. During a phase of activity, the normal range may go to 99.0 F. All rectal temperature are one-half to one whole degree higher.

A remarkable self-balancing mechanism, located within the brain, controls the temperature of the body by changing the blood circulation to the skin, and by the process of sweating.

You are understandably confused because there are fever variations that are important to the doctor.

"Sustained" fever, for example, is an elevated temperature that remains constant.

An "intermittent" fever is one that falls to normal each day, then rises again above normal.

A "septic" fever is one in which there are marked variations, usually associated with chills and sweating.

Over the years, doctors have learned to associate special variations of fever with certain specific diseases.

Malaria, for example, has characteristic swings of fever. Pneumonia, too, may have a characteristic scale of fever.

One particular kind of fever that is always baffling to doctors is FUO, or "fever of unknown origin." Here, the ingenuity and the investigating skill of the doctor are essential to find the source.

Does a person who has had two attacks of quinsy sore throat need to have his tonsils removed?

Mr. P.H., N.J.

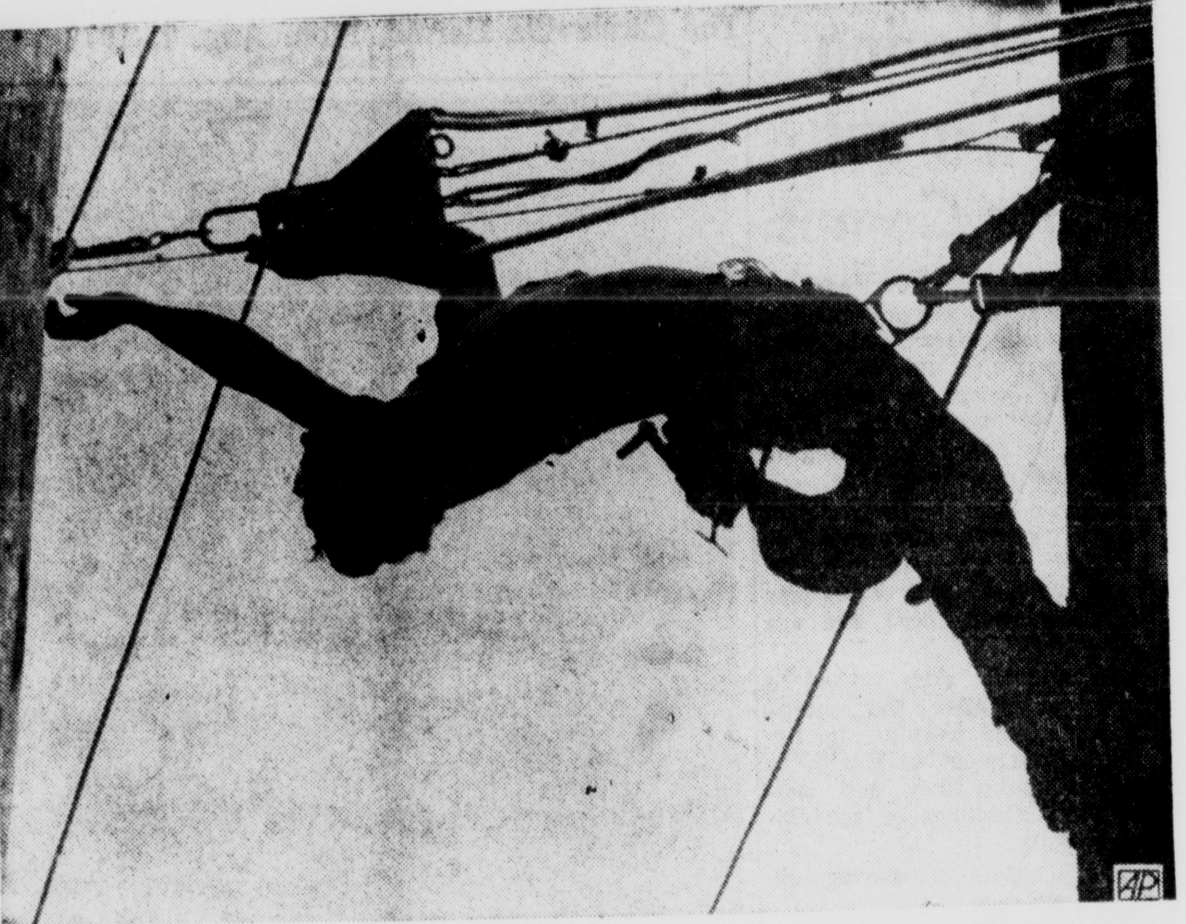

Dear Mr. H.:

One attack of this painful abscess around the tonsils is more than good reason to suggest that the tonsils be removed.

Anyone who has had this unpleasant infection and swelling knows how sick and uncomfortable it can make the patient.

The opening and draining of the peritonsillar abscess, or quinsy sore throat, is far more painful than a tonsillectomy.

Despite warnings, children still cut into golf balls. They can explode and do terrible damage to the face and eyes.

Who Would Want Us?

By JOHN CHAMBERLAIN

As everyone within reach of a TV knob or a newsstand must know, Bill Buckley is a man who combines a maximum of civilized wit with more than his share of inspired common sense. He calls them in advance, as when he suggested a couple of years ago that the British would have to take over in Northern Ireland in order to impose peace in what is surely the stickiest situation in Christendom. At the time his implied prophecy pleased no one, but verily, it came to pass as he had, in effect, predicted it would.

Now Bill has come up with another prescription for restoring peace to a troubled area: he wants to make Israel the 51st State of the U.S. His argument is ingenious; he says that if Israel were part of our powerful Federal union, neither the Arabs nor the Russians would dare attack it, nor would our homegrown isolationists be able to abandon it.

The Buckley proposition is wholly rational. But, unfortunately, it takes off from an assumption that the Israelis could trust the U.S. to apply its power in international affairs with reasonable intelligence. Just try to imagine the confusion in the Israeli Knesset if the U.S. were to make a bona fide offer of federation to Golda Meir.

"Ah, yes," General Moshe Dayan would be telling his followers, "if we were part of the U.S. we'd have the new B1 bomber, the new F-15 fighter, the laser-guided bomb and all those ICBMs. But would they make me a member of their Joint Chiefs of Staff? How could I dare subordinate my army and air force to the dictates of the Pentagon? We'd be drowned in molasses. I win a war in six days; it takes the Americans six years to win their wars, and then they stand to lose at the peace table everything they have gained after taking six years of incredible sanguinary losses on the battlefield."

So it would surely be no go with Moshe Dayan, this idea of making Israel the 51st State. He wouldn't trust our competence as strategists, warriors or geopolitical thinkers.

The other stumbling block would be the Sabras, the native-born Israelis whose fathers and mothers flocked to Palestine from the four corners of the earth after the defeat of Hitler. The independence of Israel means a contented sort of pride to the new Israelis; for the first time in 2,000 years they can be Jews who don't have to think about anti-Semitism. If they were just one of 51 states the Sabras would have to forfeit their psychological peace; they would have to worry about what a Gerald L. K. Smith might do to rouse the rabble against "Zionist" conspiracies to get us into war if and when trouble threatened in the Eastern Mediterranean.

Admitting the rationality of the Buckley proposal, I doubt that the Israelis would ever see it Bill's way. They have learned to put their trust in their own strength of arm and intensity of will. If they had trusted the big nations they would be dead. But if federalism is not to grow by adding Israel to the U.S. union, I can see a way of attaining what Bill Buckley wants to attain. If the whole Western world, the democratic world, were to unite, following Clarence Streit's prescription for a union of democracies, this would pool their diplomatic and military powers. They would then accept the economic benefits of a universal currency without giving up their local customs and liberties, and Israel might be willing to seek safety in a larger embrace. A union on the Streit order would be too powerful and too rich to be attacked by the Communists or the Third World.

In the current rage for "detente," with Nixon and Willy Brandt wooing the East, the Streit idea does not progress. The sense of urgency is not there. Even so, it is my bet that a federal union of the West will come before Israel ever consents to put its armies under a U.S. command that couldn't make up its mind to win a piddling two-by-four war in Vietnam for six long years.

Oil Reciprocity

The main reason Canadian officials give for objecting to a pipeline from Prudhoe Bay to Valdez to carry oil from the North Slope is that an oil spill from tankers carrying the oil down the west coast could do serious damage to Canadian ecology.

They favor, instead, a continuous pipeline across Canada to the United States market.

What is seldom mentioned in this argument is that tankers already are carrying oil along east coast sealanes, but in the opposite direction — from

Venezuela to Portland, Me. — from which point pipelines carry it to Montreal.

Tanker spills are just as possible on the east coast as on the west coast, the only difference being which nation absorbs the damage. A Norwegian tanker heading into Portland did spring a leak, necessitating a clean-up operation.

The question of pipelines versus tankers is an economic one. Muddying the issue with claims of concern for one country's ecology while ignoring similar damage to another helps no one.

TUESDAY'S HOROSCOPE

GENERAL TENDENCIES: An interesting day for you now have magnanimous and expansive ideas, plus the ability to put them across. You also are able to tune in easily on whatever plan and procedure that is best for you in the days ahead. Make sure you compliment others for their loyal support.

ARIES (Mar. 21 to Apr. 19) If you think on a higher plane you can become highly inspired and know what proper steps to take. Express your creative ideas first. Evening can be very happy from a personal standpoint.

TAURUS (Apr. 20 to May 20) You can handle property and family affairs most intelligently now, so get an early start. State your aims to bigwigs who can help you attain them. Pleasing mate and friends tonight is easy.

GEMINI (May 21 to June 21) State to associates what you want from them and they will easily go along with your ideas. Show that you are a very constructive thinker. You are able to pick the right words in correspondence.

MOON CHILDREN (June 22 to July 21) Analyze your monetary position with others and do the work that makes your whole life more streamlined. Strive for more harmony at home and add to present happiness appreciably.

LEO (July 22 to Aug. 21) Go to a financier for the backing you want and need right now. Make sure you dress well. Attend a special social function in the evening and come in contact with people you want to meet.

VIRGO (Aug. 22 to Sept. 22) Meet with a financial adviser and plan the future intelligently, and in minute detail. Improve your health so that you can accomplish more. Get rid of a bad habit you have. Be wise.

LIBRA (Sept. 23 to Oct. 22) Try to set up a better set of conditions between you and friends by using diplomacy. A little favor here and there can be most helpful. Being willing to give more credit to others is wise.

SCORPIO (Oct. 23 to Nov. 21) Try to be as efficient as you can now when high-ups are watching you and benefit much thereby. Getting into civic work may be difficult but will bring success soon. Keep active.

SAGITTARIUS (Nov. 22 to Dec. 21) The planets are favorable today and you can be dynamic and make the right impression on others. A fine personal philosophy of life can be enhanced now. It only needs a little change.

CAPRICORN (Dec. 22 to Jan. 20) Study your position with others and see where to make improvements so that the future is brighter. Closest tie is most affectionate in the evening. Make fine plans for the future.

AQUARIUS (Jan. 21 to Feb. 19) Make contacts with others now and gain their respect and achieve the results you want. Listen carefully to what others have to suggest. You can become more popular if you try.

PISCES (Feb. 20 to Mar. 20) You are confused about how to handle important work ahead of you, but if you talk to a higher-up, you will get the necessary help. Investigate worldly matters and store up knowledge.

IF YOUR CHILD IS BORN TODAY . . . he or she will be one of those delightful young people who will see the world through rose colored glasses and therefore needs no prodding

as to the imaginative. Direct education along the right lines to make the dreams come true, otherwise your youngsters will coast along in life doing little but daydream. Give the right religious training early. Don't neglect to give proper exercise.

I didn't know until my wife was in the hospital that there are different types of fever. I realized how little I and perhaps most people know about what normal body temperature is.

Mr. E.S., Colo.
Dear Mr. S.: The mechanism by which temperature is controlled is an exciting interplay of body function.

There is a distinction between "fever" and "temperature." Temperature is the normal degree of body heat of any living being. Fever is an elevation of that body temperature.

Generally, it is accepted that normal temperature by mouth is 98.6 F. During a phase of activity, the normal range may go to 99.0 F. All rectal temperature are one-half to one whole degree higher.

A remarkable self-balancing mechanism, located within the brain, controls the temperature of the body by changing the blood circulation to the skin, and by the process of sweating.

You are understandably confused because there are fever variations that are important to the doctor.

"Sustained" fever, for example, is an elevated temperature that remains constant. An "intermittent" fever is one that falls to normal each day, then rises again above normal.

A "septic" fever is one in which there are marked variations, usually associated with chills and sweating.

Over the years, doctors have learned to associate special variations of fever with certain specific diseases.

Malaria, for example, has characteristic swings of fever. Pneumonia, too, may have a characteristic scale of fever.

One particular kind of fever that is always baffling to doctors is FUO, or "fever of unknown origin." Here, the ingenuity and the investigating skill of the doctor are essential to find the source.

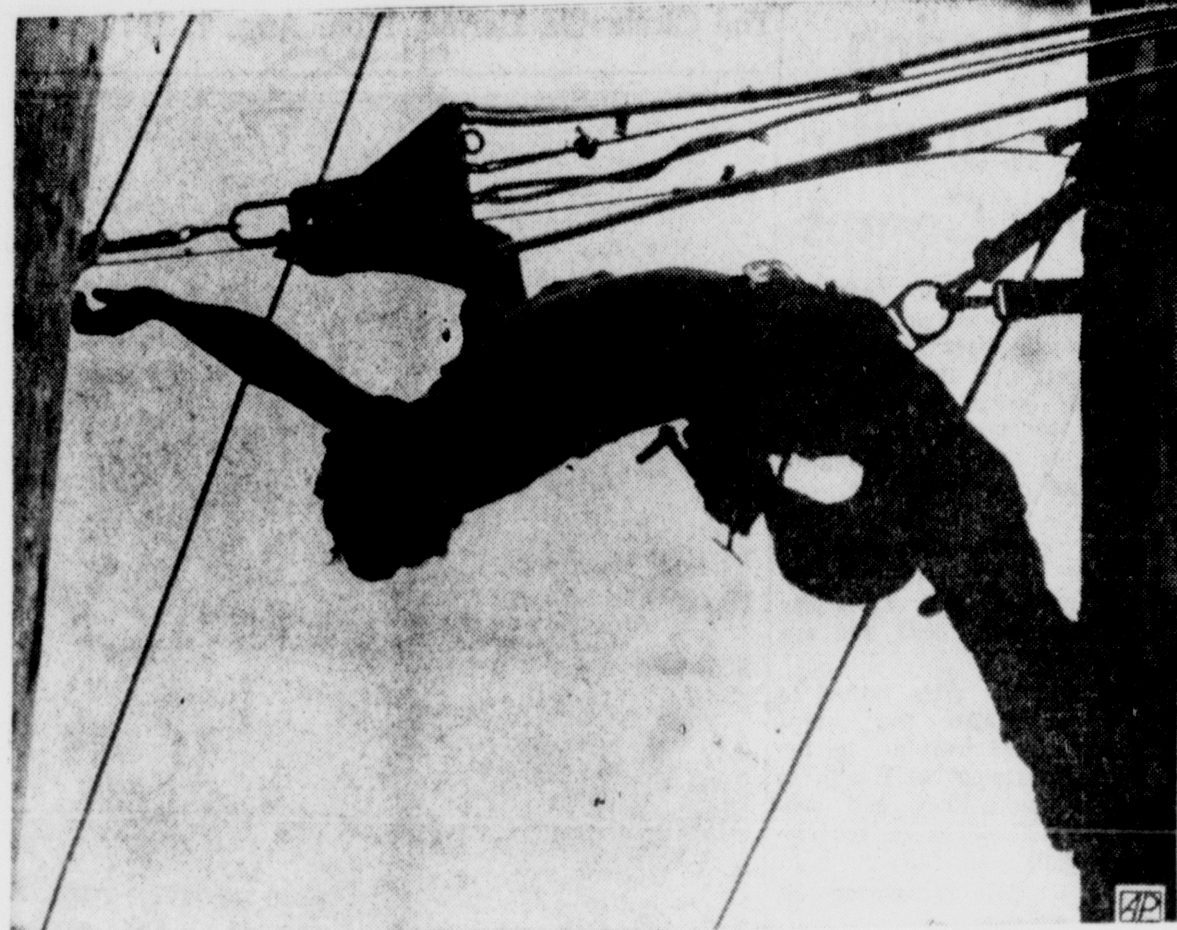

Does a person who has had two attacks of quinsy sore throat need to have his tonsils removed?

Mr. P.H., N.J.
Dear Mr. H.: One attack of this painful abscess around the tonsils is more than good reason to suggest that the tonsils be removed.

Anyone who has had this unpleasant infection and swelling knows how sick and uncomfortable it can make the patient.

The opening and draining of the peri-tonsillar abscess, or quinsy sore throat, is far more painful than a tonsillectomy.

Despite warnings, children still cut into golf balls. They can explode and do terrible damage to the face and eyes.

Who Would Want Us?

By JOHN CHAMBERLAIN

As everyone within reach of a TV knob or a newsstand must know, Bill Buckley is a man who combines a maximum of civilized wit with more than his share of inspired common sense. He calls them in advance, as when he suggested a couple of years ago that the British would have to take over in Northern Ireland in order to impose peace in what is surely the stickiest situation in Christendom. At the time his implied prophecy pleased no one, but verily, it came to pass as he had, in effect, predicted it would.

Now Bill has come up with another prescription for restoring peace to a troubled area: he wants to make Israel the 51st State of the U.S. His argument is ingenious; he says that if Israel were part of our powerful Federal union, neither the Arabs nor the Russians would dare attack it, nor would our homegrown isolationists be able to abandon it.

The Buckley proposition is wholly rational. But, unfortunately, it takes off from an assumption that the Israelis could trust the U.S. to apply its power in international affairs with reasonable intelligence. Just try to imagine the confusion in the Israeli Knesset if the U.S. were to make a bona fide offer of federation to Golda Meir.

"Ah, yes," General Moshe Dayan would be telling his followers, "if we were part of the U.S. we'd have the new B1 bomber, the new F-15 fighter, the laser-guided bomb and all those ICBMs. But would they make me a member of their Joint Chiefs of Staff? How could I dare subordinate my army and air force to the dictates

of the Pentagon? We'd be drowned in molasses. I win a war in six days; it takes the Americans six years to win their wars, and then they stand to lose at the peace table everything they have gained after taking six years of incredible sanguinary losses on the battlefield."

So it would surely be no go with Moshe Dayan, this idea of making Israel the 51st State. He wouldn't trust our competence as strategists, warriors or geopolitical thinkers.

The other stumbling block would be the Sabras, the native-born Israelis whose fathers and mothers flocked to Palestine from the four corners of the earth after the defeat of Hitler. The independence of Israel means a contented sort of pride to the new Israelis; for the first time in 2,000 years they can be Jews who don't have to think about anti-Semitism. If they were just one of 51 states the Sabras would have to forfeit their psychological peace; they would have to worry about what a Gerald L. K. Smith might do to rouse the rabble against "Zionist" conspiracies to get us into war if and when trouble threatened in the Eastern Mediterranean.

Admitting the rationality of the Buckley proposal, I doubt that the Israelis would ever see it Bill's way. They have learned to put their trust in their own strength of arm and intensity of will. If they had trusted the big nations they would be dead. But if federalism is not to grow by adding Israel to the U.S. union, I can see a way of attaining what Bill Buckley wants to attain. If the whole Western world, the democratic world, were to unite, following Clarence Streit's prescription for a union of democracies, this would pool their diplomatic and military powers. They would then accept the economic benefits of a universal currency without giving up their local customs and liberties, and Israel might be willing to seek safety in a larger embrace. A union on the Streit order would be too powerful and too rich to be attacked by the Communists or the Third World.

In the current rage for "detente," with Nixon and Willy Brandt wooing the East, the Streit idea does not progress. The sense of urgency is not there. Even so, it is my bet that a federal union of the West will come before Israel ever consents to put its armies under a U.S. command that couldn't make up its mind to win a piddling two-by-four war in Vietnam for six long years.

Divorce Action Only Way Out?

DEAR ABBY: When I was barely 16 I had to get married. George (made up name) was 18. It was a mistake from the start, but I stuck by him because of our kids who are now 8, 9, 11 and 12.

George always ran with other girls. He still does. I never denied him love or affection, but it was like a sickness with him. Even he admits he can't help it. They are the worst kinds of girls, too. I can't count the times George brought home a social disease.

Two years ago I kicked him out for that reason and I started divorce action. Our oldest daughter became so upset she wouldn't eat. She always idolized her father, but I don't know why. He hardly ever looked at her. Anyway, this girl was practically starving herself to death, so the doctor advised me to let George come home. I gave him one more chance.

Last week I kicked him out again for the same reason, and this time I made up my mind to go through with the divorce. Abby, I just can't live with this man any longer. Now the same daughter is sick again. She can't keep any food on her stomach. She says if I don't take Daddy back she will run away or kill herself.

If anything happens to my daughter, I will never forgive myself, yet I don't want to spend the rest of my life with a man like George. What should I do?

SAULT STE. MARIE, Ont. (AP) — An Ohio woman was killed Sunday when she fell from the back of a camper truck and was run over by the trailer the truck was towing, police reported.

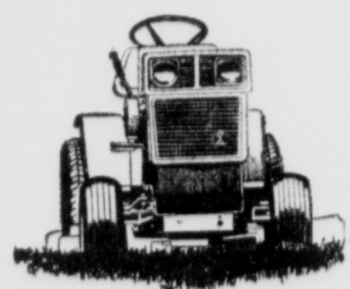

Ida Mae Reardon, 47, of Milford entered the back of the camper truck driven by her husband and apparently fell out as the vehicle left a lookout parking lot.

Her husband and son noticed Mrs. Reardon was not in the truck after they had driven 20 miles south. They returned to the lookout and found Mrs. Reardon's body.

Showers Plague Eastern U.S.

By THE ASSOCIATED PRESS
Showers and thundershowers continued to plague widespread areas east of the Mississippi River today.

From the Great Lakes region to southern New England and along the Appalachian mountains to Tennessee, Kentucky and northern Alabama, cloudy skies prevailed. At Huntsville, Ala., more than an inch of rain fell in a six hour period late Sunday, and slightly less than an inch soaked Memphis, Tenn.

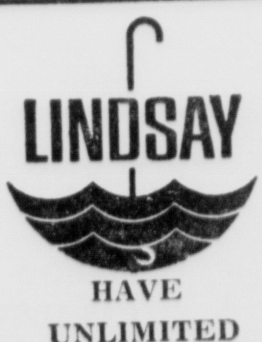

The southeast weather picture was again warm and humid.

Showers and thundershowers dampened northwest Texas and the adjacent areas of New Mexico and Oklahoma. A few isolated showers hit the interior of the far southwest and central sections of California.

Most of the Far West and Plains had clear skies. A hot spell in the Far West was responsible Sunday for a record tying 101 degrees at Eugene, Ore.

Temperatures around the nation at dawn ranged from 43 at Grand Forks, N.D., to 97 at Needles, Calif.

One woman said the man must be guilty or he would never have been arrested. Another man urged everyone to vote guilty so we could all go home. Another man suggested we should all vote guilty and close the case because the court costs are paid for by tax dollars.

The case ended in a 7-to-5 vote of guilty which prompted one juror to suggest that we make it a unanimous vote because the judge "got awful upset" over hung juries.

Abby, if any of your readers can tell me that my experience was unique, please have them write to you. Thank you.

DEAR ABBY: "Disgusted" wanted to keep people from going to movies which showed "raw sex."

I am a healthy-minded 23-year-old woman who wants to know why "disgusted" complains about "raw sex", but the sickening sights of war, shoot 'em-ups, bloody violence and other forms of raw murder don't seem to bother her.

Children, if educated honestly by their parents about sex, will be able to cope with movies containing sex. If children don't learn that sex is a healthy normal part of their lives, they will do their research with dirty books and in the back seats of cars.

"Disgusted" needn't worry about blushing. The theaters and drive-ins are dark. I am more worried about throwing up!

Miss Porter, Mr. Summers
Exchange Wedding Vows

MRS. CHARLES WILLIAM SUMMERS

St. Joseph's Catholic Church was the scene for a wedding ceremony at noon Saturday, Aug. 5th, when Miss Cynthia Lea Porter became the bride of Charles William Summers.

The bride is the daughter of Mr. and Mrs. Paul Robert Porter, 615 Ridgewood Drive, Circleville and the bridegroom is the son of Mr. and Mrs. Joseph L. Summers, 330 Allen Ave., Chillicothe.

The Very Rev. Msgr. George Buchmann officiated for the double ring ceremony. Mrs. Thomas Downing, organist, provided music.

Given in marriage by her father, the bride selected for her wedding a formal length Victorian style gown of white organza. Embroidered Venice lace formed the ruffled standup collar on the sheer bodice. Appliques of matching lace accented the full bishop sleeves with deep cuffs and the skirt which flowed gracefully into chapel length. The bride's illusion veil held by a Juliet cap fell softly to cathedral length and she carried a miniature basket arrangement of white sweetheart roses and daisies accented with babies breath and leatherleaf foliage.

The maid of honor, Miss Sandra L. Porter, sister of the bride, was in a floor skimming flounced baby blue organza gown with short ruffled puff sleeves. Ribbon encircled the empire waist and daisies enhanced the long streamers. A wide brimmed hat completed her ensemble.

Bridesmaids, Miss Andrea Jaye Porter, sister of the bride and Miss Margaret Ann Sanders were gowned identically to the maid of honor with matching hats. The attendants all carried matching baskets of yellow and white daisies as did the junior bridesmaid who also wore daisies in her hair. The junior bridesmaid was Miss Frances Porter sister of the bride in a crochets yellow floor length gown.

Mr. John Slagle was best man and ushers were Mr. Walter Johnson, Mr. Richard Weber, cousin of the bride, both of Columbus and Mr. Paul Porter Jr., brother of the bride.

The bride's mother was attired in a blue silk dress with matching lace coat and accessories. The bridegroom's mother wore a mint green silk dress with matching lace trim

Miss Patricia A. Thornton Weds Gary Michael Lagore

Marriage vows were exchanged by Miss Patricia Ann Thornton and Gary Michael Lagore on June 17th in Community United Methodist Church of Circleville.

The bride's parents are Mr. and Mrs. Rodney Thornton, Route 2, Amanda. Mr. Lagore is the son of Mr. Lawrence Lagore, 117 W. Mill St., Circleville and the late Mrs. Martha Lagore.

The candlelight double ring ceremony was performed at 7:30 p.m. by the Rev. Foster Jenne with Mr. Donald Metzler, organist, providing music. Arrangements of white Fuji mums and carnations graced the altar and white satin bows marked the pews.

The bride was given in marriage by her father. She was in an Alpine floor length gown of polyester and cotton voile. A wide ruffle of lace encircled the bottom of the skirt and bands of matching lace were inserted in the dress. The bodice featured long puffed sleeves and a high neckline accented with a cameo pin. Matching lace edged the bride's chapel length mantilla of illusion. She carried a cascade arrangement of miniature white carnations, Fuji mums and yellow roses atop a Bible with the names of the bride and groom engraved on the cover.

MR. AND MRS. GARY MICHAEL LAGORE

Miss Patricia Hartley was maid of honor and Mrs. Nancy Salyers, sister of the bride, was matron of honor. They wore identical formal length gowns of pink and beige in floral designed voile with pink picture hats.

Junior bridesmaid, Miss Billie Thornton, a niece of the bride, and bridesmaids, Mrs. Donna Thornton, sister-in-law of the bride and Miss Kay Zinn were dressed as the honor attendants in yellow and blue. The attendants all carried baskets of white daisies.

Jeff Thornton and Todd Thornton, nephews of the bride, were candle lighters.

Mr. John Zeimer performed the duties of best man. Mr. Donald Salyers, brother-in-law of the bride, Mr. Bill Thornton and Mr. James Thornton, brothers of the bride, and Mr. Jerry Shirley seated the guests.

A gray coat and dress ensemble with navy blue accessories was selected by Mrs. Thornton for her daughter's wedding. Mrs. Lagore wore a rose colored dress trimmed in white. Their corsages were of red roses.

A reception in the social rooms of the church immediately followed the ceremony. White lace cloths covered the tables and the bride's table held four lighted tapers in single candlesticks and a four tiered wedding cake was surrounded with white carnations, yellow pompons and

greenery. Matching decorations were at the punch bowl.

Hostesses were Miss Kit King, Mrs. Judi Kempton and Mrs. Elaine Lucas. Mrs. Sharon Goode presided at the guest book.

Following a wedding trip to Florida the couple now resides at 139 Villa Drive in Circleville. The bride wore for her going-away outfit a pink pants dress with white lace trim and accessories.

The bride is a graduate of Amanda-Clearcreek High School and is employed in the Quality Assurance Department at RCA in Circleville.

Mr. Lagore graduated from Circleville High School, served four years in the United States Navy and is currently employed in the Maintenance Department at RCA.

Out-of-town guests at the

wedding were from Grove City, Delaware, Chillicothe, Lancaster, Amanda, Stoutsville, Laurelville, Ashville, Oakland, Tarlton and Clarksburg.

Pony Is Saved
From Deep Well

FORT WAYNE, Ind. (AP)—"Popo," a 4-foot, 350-pound pony, got a bit curious Sunday and fell through a 28-by-32-inch opening into a seven-foot deep well pump.

The pony, owned by 11-year-old Jane Brenneman, was finally pulled out with an overhead crane about four hours later.

The only injury was a few scratches.

The accident occurred on a farm owned by Jane's father, William Brenneman, northeast of here near the Indiana-Ohio border.

**Blame Mosquitoes
In Indiana Illness**

BEDFORD, Ind. (AP)—Health officials believe mosquitoes may have been the source of encephalitis — sleeping sickness — which hospitalized 10 children from widely separated areas of Lawrence and Orange counties last week.

The children, from 6 months to 3 years old, were reported out of danger.

Lawrence County health officer Dr. Donald M. Kerr said the source of the disease had not been determined, but that mosquitoes were a likely possibility.

Miss Porter, Mr. Summers Exchange Wedding Vows

MRS. CHARLES WILLIAM SUMMERS

St. Joseph's Catholic Church was the scene for a wedding ceremony at noon Saturday, Aug. 5th, when Miss Cynthia Lea Porter became the bride of Charles William Summers.

The bride is the daughter of Mr. and Mrs. Paul Robert Porter, 615 Ridgewood Drive, Circleville and the bridegroom is the son of Mr. and Mrs. Joseph L. Summers, 330 Allen Ave., Chillicothe.

The Very Rev. Msgr. George Buchmann officiated for the double ring ceremony. Mrs. Thomas Downing, organist, provided music.

Given in marriage by her father, the bride selected for her wedding a formal length Victorian style gown of white organza. Embroidered Venice lace formed the ruffled standup collar on the sheer bodice. Appliques of matching lace accented the full bishop sleeves with deep cuffs and the skirt which flowed gracefully into chapel length. The bride's illusion veil held by a Juliet cap fell softly to cathedral length and she carried a miniature basket arrangement of white sweetheart roses and daisies accented with babies breath and leatherleaf foliage.

The maid of honor, Miss Sandra L. Porter, sister of the bride, was in a floor skimming flounced baby blue organza gown with short ruffled puff sleeves. Ribbon encircled the empire waist and daisies enhanced the long streamers. A wide brimmed hat completed her ensemble.

Bridesmaids, Miss Andrea Jaye Porter, sister of the bride and Miss Margaret Ann Sanders were gowned identically to the maid of honor with matching hats. The attendants all carried matching baskets of yellow and white daisies as did the junior bridesmaid who also wore daisies in her hair. The junior bridesmaid was Miss Frances Porter sister of the bride in a crepe yellow floor length gown.

Mr. John Slagle was best man and ushers were Mr. Walter Johnson, Mr. Richard Weber, cousin of the bride, both of Columbus and Mr. Paul Porter Jr., brother of the bride.

The bride's mother was attired in a blue silk dress with matching lace coat and accessories. The bridegroom's mother wore a mint green silk dress with matching lace trim

and accessories. Corsages for both mothers were of white cymbidium orchids.

A reception at Pickaway Country Club followed the ceremony where a buffet luncheon was served. The tables were decorated with the attendants baskets of flowers. Hostesses were the Misses Debbie and Susan Estes and Mrs. Walter Johnson, a cousin of the groom.

As the couple left for a wedding trip to Maikinae Island, Mich. and Ontario, Canada the bride wore a two piece green and purple dress with white and brown accessories. The couple will reside at Route 1, New Holland. The new Mrs. Summers graduated from Bishop Flaget High School in Chillicothe and the University of Dayton. She is employed by the Westfall

Miss Patricia A. Thornton Weds Gary Michael Lagore

Marriage vows were exchanged by Miss Patricia Ann Thornton and Gary Michael Lagore on June 17th in Community United Methodist Church of Circleville.

The bride's parents are Mr. and Mrs. Rodney Thornton, Route 2, Amanda. Mr. Lagore is the son of Mr. Lawrence Lagore, 117 W. Mill St., Circleville and the late Mrs. Martha Lagore.

The candlelight double ring ceremony was performed at 7:30 p.m. by the Rev. Foster Jenne with Mr. Donald Metzler, organist, providing music. Arrangements of white Fuji mums and carnations graced the altar and white satin bows marked the pews.

The bride was given in marriage by her father. She was in an Alpine floor length gown of polyester and cotton voile. A wide ruffle of lace encircled the bottom of the skirt and bands of matching lace were inserted in the dress. The bodice featured long puffed sleeves and a high neckline accented with a cameo pin. Matching lace edged the bride's chapel length mantilla of illusion. She carried a cascade arrangement of miniature white carnations, Fuji mums and yellow roses atop a Bible with the names of the bride and groom engraved on the cover.

Miss Patricia Hartley was maid of honor and Mrs. Nancy Salyers, sister of the bride, was matron of honor. They wore identical formal length gowns of pink and beige in floral designed voile with pink picture bats.

Junior bridesmaid, Miss Billie Thornton, a niece of the bride, and bridesmaids, Mrs. Donna Thornton, sister-in-law of the bride and Miss Kay Zinn were dressed as the honor attendants in yellow and blue. The attendants all carried baskets of white daisies.

Jeff Thornton and Todd Thornton, nephews of the bride, were candle lighters.

Mr. John Zeimer performed the duties of best man. Mr. Donald Salyers, brother-in-law of the bride, Mr. Bill Thornton and Mr. James Thornton, brothers of the bride, and Mr. Jerry Shirley seated the guests.

A gray coat and dress ensemble with navy blue accessories was selected by Mrs. Thornton for her daughter's wedding. Mrs. Lagore wore a rose colored dress trimmed in white. Their corsages were of red roses.

A reception in the social rooms of the church immediately followed the ceremony. White lace cloths covered the tables and the bride's table held four lighted tapers in single candlesticks and a four tiered wedding cake was surrounded with white carnations, yellow pompons and

GARY PLAYER

Gary Player Wins PGA; Nicklaus, Trevino Way Off

BIRMINGHAM, Mich. (AP) — Gary Player, one of golf's mighty mites, has mastered The Monster and suddenly recaptured his fading prestige.

Four months ago Player was eating humble pie after pulling within a stroke of the lead in the Greensboro Open heading into the final round, then being outscored by Lee Trevino.

To the crowd South African is the new Professional Golf Association national champion at \$5,000 richer. His second PGA title, his first coming in 1954, will probably reinforce the belief that he is one of golf's "Big Three" along with Jack Nicklaus and Lee Trevino.

"It just goes to show you what a humbling game golf is," said the 5-foot-8, 159-pound Player on Sunday. "But it all seems to even out."

Player has a bad back, but he has a better back than a two-year-old. He is a two-time winner of the PGA title, and he is a two-time winner of the PGA title.

Player's victory was a surprise. He was not expected to win. He was not expected to win. He was not expected to win.

Lyle Paces N.Y. Yankees In Twinbill Victories

By HERSCHEL NISSENSEN
Associated Press Sports Writer

Sparky Lyle, left-handed pitcher, New York Yankees, felt something on Sunday but it turned out to be only a scare.

Denny Riddleberger, left-handed pitcher, Cleveland Indians, heard something on Sunday but it turned out to be the late-inning home run bats of Detroit's Willie Horton and Mickey Stanley.

When all the popping was done, the third-place Yankees had swept a doubleheader from Milwaukee 3-0 and 6-4 in 10 innings while the Tigers, four games ahead of the Yanks atop the American League East, had salvaged a 1-2, 6-5 split with Cleveland and set up a key four-game series beginning Tuesday in New York.

Elsewhere, Baltimore battered Boston 11-2, Oakland dropped Minnesota 6-3 in 13 innings but dropped the nightcap.

Morgan Sporting Sweeps Twinbill

Morgan's Sporting Center swept a doubleheader Sunday in the slow pitch league at Ted Lewis Park.

Morgan's topped Tomlinson Electric, 11-9 in an eight-inning ball game with Rick Withers underhanding the win.

Withers slugged a homerun while Jack Allen smacked a double, Larry Smallwood doubled while Ronald Allen and Jack Allen had four hits apiece.

Morgan's upset the league leading American Legion softball team 9-7.

Darrell Creager tossed the victory for Morgan. Jack Allen again went 4 for 4 at the plate while Larry Smallwood slugged a triple and Darrell Sreiger doubled.

Henry Aaron, Braves Defeat Reds, 4-3

CINCINNATI (AP) — Atlanta outfielder Hank Aaron didn't think there was "much significance" to breaking a Babe Ruth record for hitting the most home runs for a single ball club.

"The 714 mark to tie and the 715 to beat" Ruth's lifetime home run record "are still the big numbers for me," said Aaron.

His two home runs, one coming in 10th inning to beat the Cincinnati Reds 4-3, were

his 60th and 61st, and 21 and 22 for the season.

Ruth's lifetime record with the New York Yankees was 659.

"It's been a long dry spell for me," said Aaron, who hadn't hit a home run since July 19. "I haven't been hitting good," he said, blaming it on the hot weather. Aaron felt the cooler weather Sunday helped him.

"I'm not swinging harder intentionally," he said of his drive for the record but admitted "I guess unconsciously I do,

and that's one reason I get more slumps."

Braves manager Lumen Harris, pleased by the performance that ended a seven game losing streak including three to the Reds, said "It's really been a struggle, but we finally won one."

"There's no way you can keep throwing those fast balls," said Harris. Don Guillot had tried it in the tenth.

"What can you say about Hank that hasn't been printed a

thousand or more times already," Harris asked newsmen.

"But I sure would like to see him hit 13 to 14 more this year. That would leave him with only about 40 for the record."

HENRY AARON

Reds leftfielder Pete Rose said he didn't think Aaron's second homer would clear the wall, at first.

"Hank hits those line drive homers," said Rose. "He's simply a sweet swinger and it's a real pleasure to watch him at bat,—except when it's against you."

Phil Niekro, 10-10, evened his record after failing to win with his last five performances.

"I don't know why players try to swing so hard at the knuckler," said Niekro who pitched all 10 innings. "They can see it longer and can attempt to go for it," he speculated. "My control was excellent today."

The Braves tagged Reds three runs in the first inning on homers by Aaron and Ralph Garr with one on base.

The Reds tied the game in the sixth paced by Tony Perez' two-run double but Aaron finished the scoring with his final blast.

The Reds, still 4 1/2 games in

Follmer Wins Mid-Ohio Can-Am, Hits Rain Racing

By GEORGE STRODE
Associated Press Sports Writer

LEXINGTON, Ohio (AP) — George Follmer contends auto races in this country should be stopped when it rains.

"Racing in the rain's for the birds," said Porsche's Super Sub Sun'ay after he led all the way to win this rain-plattered \$83,200 Can-Am stop.

"The governing bodies in this country should stop the races when it rains. It's a bad situation," said the 38-year-old Arad, Calif., campaigner.

Despite his criticism, Follmer had little difficulty navigating

Mid-Ohio's 2.4 miles and 15 turns in the rain.

He needed 2 hours, 4 minutes and 2.185 seconds to go the 192 miles at an average speed of 92.876 miles per hour. His margin was more than 1 1/2 minutes over Englishman Jackie Oliver in the Shadow MK 111.

Follmer's victory worth \$13,000, was made easier when McLaren team manager Teddy Mayer crashed on fire chance.

"Teddy made a bad decision. We made a good one. It could have gone the other way," said Follmer, who has scored two Can-Am victories as the injured Mark Donohue's replacement.

Denis Hulme pitted four times, changing dry and wet tires. It cost him more than

two minutes and he finished a disappointing fourth.

The other McLaren driver, Peter Revson, went out on the 32nd lap with a broken transmission.

A crowd of 30,000, largest in Mid-Ohio's 11 years watched Milt Minter of Tarzana, Calif., finish third in his Porsche. Charlie Kemp of Jackson, Miss., was fifth in a Lola T 222.

Follmer believes the Porsche challenge for the dominant McLarens will grow stronger in the Can-Am's last five races this year.

"We've run on three tracks that are not a compliment to our car. We've won twice. And I should get better with the car," he said.

IN THE PITS — Peter Revson, popular driver of one of the two Gulf McLaren Can-Am cars, gets into his car shortly before the Can-Am race at Mid-Ohio race course.

Keegan, Crace Win Features At Atomic

In features completed without a single slowdown after the fans had witnessed a spectacular mishap in one of the preliminaries Saturday night, Keegan and Crace won the eighth different supermodified winner at Atomic Speedway for the season and Bob Crace repeated to become the second three-time

winner in the super stocks.

A leading contender in Atomic's supermodifieds in the past, Keegan took advantage of his front row start and was far in front for the entire 25 laps after running second in both the helmet dash and the fast heat.

While Keegan was stretching his lead for his first feature win at Atomic since the middle of the 1959 season, the other hopefuls had problems breaking out of the pack.

Looking for a second straight win after a lean season, George Harbour of Apple Grove, W. Va., managed to weave his way from last place to second by the midway point and had to settle for the runner-up finish, with Charles McCann of Piketon third.

A very minor mishap calling for a restart of the modified main event was the only trouble in either of the features.

Crace started in the middle of the pack and took the lead from Emmett Beeler on the 13th lap of the night's final event to join Skip Waterman of Columbus with three victories

out of the six different winners.

Beeler held on to second and Dick French was third.

Paul Barnes of Parkersburg, W. Va., and Tucker Nunery of South Point had a spectacular escape from injury in a pileup going into the first turn at the close of the first modified heat race that required an early intermission for the replacement of a steel guardrail section. A blown engine of Don Fox triggered the mishap that sent Nunery to the hospital for a checkup.

Harbour substituted when Harry Kresser of Sandusky couldn't start and took the dash and followed it with a win in the fast heat. Larry McPeak of Parkersburg was the other heat winner and Ed Lute took the consolation.

GARY PLAYER

Gary Player Wins PGA; Nicklaus, Trevino Way Off

BIRMINGHAM, Mich. (AP) — Gary Player, one of golf's mighty mites, has mastered The Monster and suddenly recaptured his fading prestige.

Four months ago Player was eating humble pie after pulling within a stroke of the lead in the Greensboro Open heading into the final round, then being outscored by the late-inning home run bats of Detroit's Willie Horton and Mickey Stanley.

"It just goes to show you what a humbling game golf is," said the 5-foot-8, 159-pound Player on Sunday. "But it all seems to even out."

Player has a half-century of the key holes down the stretch to seal a two-year PGA title. Jimmy Jamieson's dream of glory and finishing with 281 for 72 holes — one-over-par at the 7,054-yard Oakland Hills Country Club south course dubbed "The Monster" by Ben Hogan in 1951.

The cherub-like Jamieson, who won the Western Open this year, bogeyed the last three holes to drop out of a brief lead and end up with a 70 for a four-hole deficit of 213 two strokes behind Player.

Veteran Tommy Aaron came in with a 71 to tie Jamieson for

Henry Aaron, Braves Defeat Reds, 4-3

CINCINNATI (AP) — Atlanta outfielder Hank Aaron didn't think there was "much significance" to breaking a Babe Ruth record for hitting the most home runs for a single ball club.

"The 714 mark to tie and the 715 to beat" Ruth's lifetime home run record "are still the big numbers for me," said Aaron.

His two home runs, one coming in 10th inning to beat the Cincinnati Reds 4-3, were

his 60th and 61st, and 21 and 22 for the season.

Ruth's lifetime record with the New York Yankees was 659.

"It's been a long dry spell for me," said Aaron, who hadn't hit a home run since July 19, "I haven't been hitting good," he said blaming it on the hot weather. Aaron felt the cooler weather Sunday helped him.

"I'm not swinging harder intentionally," he said of his drive for the record but admitted "I guess unconsciously I do,

and that's one reason I get more slumps."

Braves manager Lumen Harris, pleased by the performance that ended a seven game losing streak including three to the Reds, said "It's really been a struggle, but we finally won one."

"There's no way you can keep throwing those fast balls past Hank," said Harris. Don Gullett had tried it in the tenth.

"What can you say about Hank that hasn't been printed a

thousand or more times already," Harris asked newsmen.

"But I sure would like to see him hit 13 to 14 more this year. That would leave him with only about 40 for the record."

HENRY AARON

Reds leftfielder Pete Rose said he didn't think Aaron's second homer would clear the wall, at first.

"Hank hits those line drive homers," said Rose. "He's simply a sweet swinger and it's a real pleasure to watch him at bat, except when it's against you."

Phil Niekro, 10-10, evened his record after failing to win with his last five performances.

"I don't know why players try to swing so hard at the knuckleball," said Niekro who pitched all 10 innings. "They can see it longer and can attempt to go for it," he speculated. "My control was excellent today."

The Braves tagged Reds three runs in the first inning on homers by Aaron and Ralph Garr with one on base.

The Reds tied the game in the sixth paced by Tony Perez' two-run double but Aaron finished the scoring with his final blast.

The Reds, still 4½ games in front of the National League Western Division host the Braves for a fifth and final game of the series tonight.

Follmer Wins Mid-Ohio Can-Am, Hits Rain Racing

By GEORGE STRODE
Associated Press Sports Writer
LEXINGTON, Ohio (AP) — George Follmer contends auto races in this country should be stopped when it rains.

"Racing in the rain's for the birds," said Porsche's Super Sub Sunday after he led all the way to win this rain-splattered \$83,200 Can-Am stop.

"The governing bodies in this country should stop the races when it rains. It's a bad situation," said the 37-year-old Aradine, Calif., campaigner.

Despite his criticism, Follmer had little difficulty navigating

Mid-Ohio's 2.4 miles and 15 turns in the rain.

He needed 2 hours, 4 minutes and 2.185 seconds to go the 192 miles at an average speed of 92.876 miles per hour. His margin was more than 1½ minutes over Englishman Jackie Oliver in the Shadow MK 111.

Follmer's victory worth \$13,000, was made easier when McLaren team manager Teddy Mayer died on the race course.

"Teddy made a bad decision. We made a good one. It could have gone the other way," said Follmer, who has scored two Can-Am victories as the injured Mark Donohue's replacement.

Denis Hulme pitted four times, changing dry and wet tires. It cost him more than

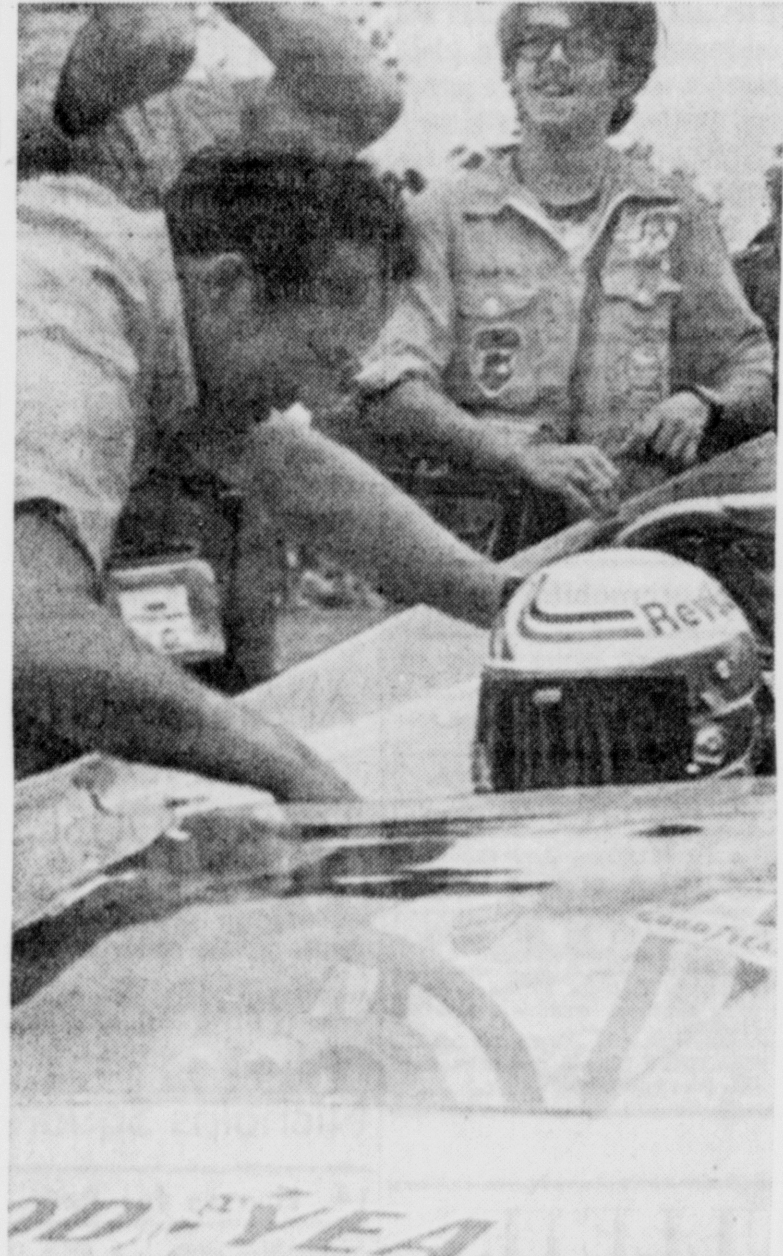

two minutes and he finished a disappointing fourth.

The other McLaren driver, Peter Revson, went out on the 32nd lap with a broken transmission.

A crowd of 30,000, largest in Mid-Ohio's 11 years watched Milt Minter of Tarzana, Calif., finish third in his Porsche. Charlie Kemp of Jackson, Miss., was fifth in a Lola T 222.

Follmer believes the Porsche challenge for the dominant McLarens will grow stronger in the Can-Am's last five races this year.

"We've run on three tracks that are not a compliment to our car. We've won twice. And I should get better with the car," he said.

IN THE PITS — Peter Revson developed transmission problems midway through the race and was unable to finish while George Follmer streaked to the win in his L&M Porsche.

Lyle Paces N.Y. Yankees In Twinbill Victories

By HERSCHEL NISSENSON
Associated Press Sports Writer
Sparky Lyle, left-handed pitcher, New York Yankees, felt something on Sunday but it turned out to be only a scare.

Denny Riddleberger, left-handed pitcher, Cleveland Indians, heard something on and it turned out to be the late-inning home run bats of Detroit's Willie Horton and Mickey Stanley.

When all the popping was

done, the third-place Yankees swept a doubleheader from Milwaukee 3-0 and 6-4 in 10 innings while the Tigers, four games ahead of the Yanks atop the American League East, had salvaged a 1-2, 6-5 split with Cleveland and set up a key four-game series beginning Tuesday in New York.

Elsewhere, Baltimore battered Boston 11-2, Oakland downed Minnesota 6-3 in 13 innings but dropped the nightcap

Keegan, Crace Win Features At Atomic

In features completed without a single slowdown after the fans had witnessed a spectacular mishap in one of the preliminaries Saturday night, Gug Keegan of Green Springs became the eighth different super-modified winner at Atomic Speedway for the season and Bob Crace repeated to become the second three-time

winner in the super stocks.

A leading contender in Atomic's superstocks in the past, Keegan took advantage of his front-row start and was far in front for the entire 25 laps after running second in both the helmet dash and the fast heat.

While Keegan was stretching his lead for his first feature win at Atomic since the middle of the 1969 season, the other hopefuls had problems breaking out of the pack.

Looking for a second straight win after a lean season, George Harbour of Apple Grove, W. Va., managed to weave his way from last place to second by the midway point and had to settle for the runner-up finish, with Charles McCann of Piketon third.

A very minor mishap calling for a restart of the modified main event was the only trouble in either of the features.

Crace started in the middle of the pack and took the lead from Emmett Beeler on the 13th lap of the night's final event to join Skip Waterman of Columbus with three victories

out of the six different winners. Beeler held on to second and Dick French was third.

Paul Barnes of Parkersburg, W. Va., and Tucker Nunery of South Point had a spectacular escape from injury in a pileup going into the first turn at the close of the first modified heat race that required an early intermission for the replacement of a steel guardrail section. A blown engine of Don Fox triggered the mishap that sent Nunery to the hospital for a checkup.

Harbour substituted when Harry Kresser of Sandusky couldn't start and took the dash and followed it with a win in the fast heat. Larry McPeak of Parkersburg was the other heat winner and Ed Lute took the consi.

PPG Subdues Elks In Softball Tilt
PPG edged the Scioto Elks, 18-14, in slow pitch Sunday with Jerry Owens throwing the win. Owens blasted two home runs and a double for the winners while Mike Gray, and Hal McConaughy each slugged a homerun, Jim Spackey, Terry Campbell and John Sharp hit triples and hitting with doubles were Larry Walls, Bob Febes and Dave Sheible.

Dave Bass let loose with two home runs and Bob Jones hit a homer for the Scioto Elks squad.

Morgan Sporting Sweeps Twinbill

Morgan's Sporting Center swept a doubleheader Sunday in the slow pitch league at Ted Lewis Park.

Morgan's topped Tomlinson Electric, 11-9 in an eight inning ball game with Rick Withers and rhandering the win.

Withers slugged a homerun while Jack Allen smacked a double, Larry Smallwood

doubled while Ronald Allen and Jack Allen had four hits apiece.

Morgan's upset the league leading American Legion softball team 9-7.

Darrell Creager tossed the victory for Morgans. Jack Allen again went 4 for 4 at the plate while Larry Smallwood slugged a triple and Darrell Sreiger doubled.

NOTICE OF SALE OF BONDS

Sealed bids for the purchase of \$23,000 bonds of the Village of Ash-
ville (herein referred to as the
Issuer) in the County of Pickaway,
Ohio, will be received by the un-
dersigned officer at his office in the
Village Hall, 160 N. Long Street,
Ashville, Ohio 43103, until 2:30
o'clock p.m., on the 21st day of
August, 1972, at which time the
bids will be opened and read.
The bonds will be made and re-
newed by the Issuer, and will be
authorized by legislation enacted
on July 17, 1972, and will be en-
gaged on the first day of June
and December of each year, at
the rate of one percent per an-
num, and each bid shall be made
only for all or none of such bonds.
It is contemplated that the bond
will be sold at a discount of one
percent of the face value of the
bonds, and the Issuer will make
a fractional interest rate of one-
eighth of one percent or a multiple
thereof, and the Issuer will make
split rate bids and bids with sup-
plemental coupons will not be
considered.

The bonds mature as follows:
\$2,000 on December 1, 1974;
\$2,000 on December 1 in each of
the years from 1975 to 1982;
\$2,000 on December 1 in each of
the years from 1983 to 1993 in-
clusive.

The bonds are issued for the
purpose of improving and enlarging
the waterworks system of the
Village by constructing a water line
and all necessary appurtenances.
The bonds are payable, without
deduction for the services of the
Issuer's paying agent, at the office
of the local depository of the Issuer,
presently The Ashville Bank, Ash-
ville, Ohio, and unless paid by sup-
plier sources, are payable from
limited taxes.

The proceeds for this issue
have been taken from the super-
sevier Bond Attorney, Cleveland,
Ohio whose approving opinion will
be furnished to the successful bidder
at the bidder's expense and will
be printed on the bonds as well as
of the cost of bond printing. The
cost of printing of the bonds shall
be paid for by the Issuer. A com-
plete transcript of proceedings with
a certificate showing no
litigation pending or threatened at
the time of the delivery to enjoin
the delivery or to contest the validity
of the bonds or the power to issue
them or the payment of collection of
taxes for their payment.

The bids will promptly be con-
sidered, and the bonds will be let
to the highest bidder offering the
lowest interest rate at not less than
the interest rate at the time of the
stated maturity at the rate bid and
deducting therefrom an amount
bid. If each of two or more bids
is the highest bid offering the lowest
interest rate, the bonds will be
awarded on such one of the highest
bids as is chosen by lot. All bids
must be accompanied by cash, bank
check, or official's check or
cashier's or official's check or
certified check payable to the
Issuer, or any combination thereof,
aggregating one percent of the cost
of the bonds, upon the condition
that, if the bid is accepted, the
bidder will receive and pay for the
bonds in accordance with the
terms and provisions of this notice.
No bank bidding for the bonds shall
file its own cashier's or official's
check, nor a check certified by it.
Such security shall be held by the
Issuer unused pending delivery of
the bonds and forfeited as full
indemnity damages in the event of
default by the successful bidder.

In the event of default by the
successful bidder, the interest on the
bonds shall be subject to Federal
income taxes, or any act of
Congress should provide that the
interest income on the bonds shall
be taxable at a future date for
Federal income tax purposes,
whether directly or indirectly the
successful bidder may refuse to
accept delivery and in such event
his bid security shall be returned
without interest.

The bonds shall be delivered for
payment within the State of Ohio
to the successful bidder or to a
bank designated by the Issuer
without charge. If delivered
at a place outside of the State of
Ohio, the successful bidder shall pay
the expense of delivery at that
place. The expense of delivery
within the State of Ohio shall not
be considered in determining the
highest bidder.

Before making tender of the bonds
at the place of delivery, the bidder
shall give written notice to the
successful bidder not later than the
fifth business day before the
proposed tender of the fact that
the bonds, transcript, no-litigation
certificate and approving opinion
will be available for delivery and
giving the date and hour for the
tender at the place of delivery,
provided, however, that nothing
herein contained shall prevent the
making of a mutually agreeable
arrangement for the delivery of the
bonds either at the place fixed for
delivery or elsewhere.

If such notice has not been given
by the Issuer or conveyed by the
successful bidder and the bonds
transcript, no-litigation certificate
and approving opinion are not
available for delivery to the suc-
cessful bidder at such place of
delivery on or before 12:00 o'clock
noon of the sixth calendar day after
the day fixed for the receipt of
bids, and the successful bidder shall
not be in default of any of his
obligations, so long as no such
tender by the Issuer shall yet have
been made, and the contract of
purchase. Any such right shall
be exercised by delivering written
notice of such cancellation to the
undersigned or to the office of the
undersigned during business hours.
Such bidder shall be entitled to
the return of the deposit which
accompanied his bid and it shall
be returned to him immediately.

The right is reserved to reject
bids.

NOTICE OF SALE

Sealed bids for the purchase of
\$33,300 bonds of the Village of Ash-
ville (herein referred to as the
bonds) in the County of Pickaway,
Ohio, will be received by the un-
derdesignated officer at his office in
the Village Hall, 160 N. Long Street,
Ashville, Ohio 43103, until 7:30
o'clock p.m., Eastern Standard Time
on the 21st day of August, 1972, at which
time the bids will be opened and read
publicly. Bids for the bonds, which
were authorized by legislation
enacted on July 17, 1972, shall be
sealed and endorsed "Water Line
Bonds," and each bid shall be made
only for all or none of such bonds.
It is contemplated that the bond
issuing authority will meet at 7:30
o'clock p.m., on the 21st day of
August, 1972, to consider the bids
and make an award.

The bonds will be dated the first
day of September, 1972, in the
denomination of \$1,000 each,
except bonds in the denomination
of \$1,300 and will draw interest
annually on the first day of June
and December of each year,
beginning June 1, 1973, at the rate
of five and one-half per centum
(5½%) per annum. Anyone desiring
to do so may present a bid for
said bonds based upon their bearing
a different rate of interest,
but not in excess of eight per cen-
tum (8%) per annum, provided that
where a fractional interest rate is
bid, such fraction shall be one-eighth
of one percent or a multiple thereof.
Split rate bids and bids with
supplemental coupons will not be
considered.

The bonds mature as follows:
\$2,300 on December 1, 1974,
\$2,000 on December 1, 1975, in
each of the years from 1975 to 1980,
inclusive, and on December 1, 1981,
in each of the years from 1981 to
1988, inclusive, and
\$3,000 on December 1, 1993 in-
clusive.

The bonds are issued for the
purpose of improving and enlarging
the waterworks system of the
Village by constructing a water line
and all necessary appurtenances.
The bonds are payable without
deduction for the services of the
Issuer's paying agent, at the office
of the legal depositary of the bonds,
presently The Ashville Bank, Ash-
ville, Ohio, and, unless paid from
other sources, are payable from
limited taxes.

The proceedings for this issue
have been taken under the super-
vision of Source, Sanders & Dem-
sey, Bond Attorneys, Cleveland,
Ohio whose approving opinion will
be furnished to the successful bidder
at the bidder's expense. All bids
must be accompanied by cash, bank
cashier's or official's check or
certified check payable to the
Issuer, or any combination thereof,
aggregating one percent of the par
amount of the bonds, upon the
condition that if the bid is accepted,
the bidder will receive and pay for
the bonds in accordance with the
terms and provisions of this notice.
No bank bidding for the bonds shall
file its own cashier's or official's
check, nor a check certified by it,
such security shall be held by the
Issuer unused pending delivery of
the bonds and forfeited as full
liquidated damages in the event of
default by the successful bidder.

In the event that, prior to their
delivery, the interest on the bonds
should be subject to Federal in-
come taxes, or any act of Congress
otherwise become subject to Federal
income taxes, the bonds shall be
taxable at a future date for Fed-
eral income tax purposes.
Whether directly or indirectly the
successful bidder may refuse to
accept delivery and in such event
his bid security shall be returned
without interest.

The bonds shall be delivered for
payment within the State of Ohio
to the successful bidder or to a
bank designated by the successful
bidder without charge. If delivered
at a place outside of the State of
Ohio, the successful bidder shall pay
the expense of delivery or other
place. The expense of delivery
within the State of Ohio shall not
be considered in determining the
highest bidder.

Before making tender of the bonds
at the place of delivery, the Issuer
shall give written notice to the
successful bidder not later than the
fifth business day before the
proposed tender, of the fact that
the bonds, upon delivery, will be
available for delivery and giving
the date and hour for the tender
at the place of delivery.
provided, however, that nothing
herein contained shall prevent the
making of a mutually agreeable
arrangement for the delivery of the
bonds either at the place fixed for
delivery or elsewhere.

If such notice has not been given
by the Issuer or waived by the
successful bidder, and the bonds
are not available for delivery to the
successful bidder at such place of
delivery on or before 12:00 o'clock
noon of the 30th calendar day after
the day fixed for the receipt of
bids, and the successful bidder shall
not be in default of any of his
obligations, he shall have the right
thereafter, and so long as no such
tender by the Issuer shall yet have
been made, to cancel the contract
of purchase, any such right shall
be exercised by delivering written
notice of such cancellation to the
undersigned or to the office of the
undersigned during business hours.
Such bidder shall thereupon be
entitled to the return of the deposit
which accompanied his bid and it
shall be returned to him im-
mediately.

The right is reserved to reject
bids.

Packers Stop Cincy Bengals; Win 24-12

GREEN BAY, Wis. (AP) —
The victory might not have
been cooked to a turn, but it
tasted well enough to the Green
Bay Packers for a National
Football League exhibition season
inaugural.

The club which Coach Dan
Devine has been revamping
roasted the Cincinnati Bengals
24-12 in a Saturday attempt to
forget the ghosts of embar-
rassing seasons.

Linebacker Dave Robinson
said it would be a mistake to
"discount the importance of
this game."

Devine, whose first Packer
team lost 2-0 to the Chicago
Bears in the preseason opener
a year ago, said of Saturday's
opener: "I feel considerably
better."

Cincinnati Coach Paul Brown
was more direct, as was
Brown's prize rookie safety,
Tommy Casanova, whose 52-

Curt Day Horseshoe Favorite

GREENVILLE, Ohio (AP) —
After 24 matches, Curt Day of
Frankfort, Ind. remains a good
bet to retain his title in the
men's class of the World Horse-
shoe Pitching Championships
now drawing to a close in this
tiny Darke County community.

The 1971 champion turned
back six challengers during a
rain-delayed day of competition
Sunday to keep his record in-
tact at 24 wins and no losses.

Trailing closely behind Day is
Elmer Hohl of Wellesley, Onta-
rio with a record of 23-1.

In third place is Bob West of
Scappoose, Ore. at 22-2, followed
by Dan Kuchinski of Bryant,
Ind. and Mark Siebold of Hum-
lington, Ind., each with identical
records of 21-3.

The competitor with the best
won-lost record after the 36-
match competition Tuesday will
be the winner.

TVHS Band Departs Sunday For 2-Week Europe Tour

MOTHER HELPS — Janice Wilson accepts the trousers of her band uniform from her mother, finishing up her packing Sunday. Dad Eugene Wilson helps check to see if his daughter's bag is ready before closing both his and

his wife's luggage, since they are traveling to Europe with Janice as two of the adult supervisors accompanying the band group. Each person was limited to one bag of clothing and personal items, not to exceed 30 pounds. The

bathroom scales in many homes in the Teays Valley school district had quite a workout as the teenagers checked and rechecked their baggage to keep it at the proper weight.

SET TO GO — All baggage was assembled 1 p.m. Sunday at the Teays Valley School to be hauled away to the airport following a final practice, so it would be on board the plane taking the young musicians to

Europe. After practice, all instruments were cased and crated and sent off with the luggage to Port Columbus. The 47 students and their seven adult advisers will tour Switzerland, Holland, Austria,

France, Belgium, Germany and England, culminating their two-week trip as contestants at the Anglo-International Music Festival in Coventry, England.

"We're goin' to Europe!" There is excitement in the voice that issues this comment which tells of the great adventure that 47 Teays Valley band members embarked on Sunday.

The teenage musicians and their seven adult advisers departed Port Columbus late Sunday for a two-week tour of England, France, Switzerland, Germany, Austria, Belgium and Holland. Along the route, they will hold three concerts and compete in an international music festival.

The tour is a first for Teays Valley band, and the opportunity of a lifetime for the excited young men and women who are packing up their horns and drums and carting all across the ocean to compete with an unknown number of other music groups for international acclaim.

"The competition is filled by invitation only," band director Fred Brobst commented, "and we are very fortunate to have been invited to perform."

Officials of the Anglo-International Music Festival, Coventry, England, presented Teays Valley the offer last year when they requested a tape of the band's music be sent for study. On the basis of that taping alone are invitations issued.

United Airlines started the group on their 15 day holiday Sunday, leaving Port Columbus after 10 p.m. en route to Washington D. C. where a plane was waiting to take them across the ocean to Amsterdam.

Paris in the summertime will be an attraction for the travelers when they visit with the famous city Tuesday and perform a number of musical selections at a concert on a platform of the Eiffel Tower.

A motorcoach trip will carry them to Montreaux and then to Innsbruck, where two concerts have been scheduled. An afternoon concert is slated Friday and an early morning performance Saturday in a outdoor pavilion, if the weather is favorable.

The next week in entirety

planned for sightseeing and entertainment at the leisure of the Teays Valley group. After Innsbruck, they will be staying in Austrian, German and Belgium cities.

ENGLAND will swing for the Pickaway County travelers when they arrive at Dover on board a steamer after an overnight channel crossing. Their schedule calls for them to arrive in Dover Thursday, travel to London and check in at the University of Warwick in Coventry that same night. There will be no touring in London until after the contest, when the teens are returning home.

August 1 is the big day marked on everybody's calendar, since that is the Friday of the big contest. The band will be given practice time in the morning to prepare for their part in the concert that evening.

In the competition the local band will perform Fisher's "Baroque March," Paul Wheat's "Bellerophon" and

"Third Suite," by Robert Jacobs. The whole summer of rehearsal will be called upon to pay off for the young musicians.

Sunday is the departure day. Coaches will take the group to London where they will board a jet aircraft that will carry them back across the Atlantic to Niagara, then complete the short jaunt home to their families and friends.

Just over half of the TV band members chose to take part in the excursion and are paying their own fares and trip expenses. The concert membership going abroad includes:

Debbie Biller, Jodi Derring, Krista Dountz, Nancy Fausnaugh, Zetsy Finch, Tracy Frasure, Julie and Karen Green, Vickie Gochenour, Ken and Steve Gregory.

BRIDGET Haines, Karen and Scott Harmount, Debbie Helsler, Kathy Hoffman, Jessie Hosler, Roger Hott, Mindy Lawless,

Tony Manzi, Connie Morrison, Debbie Myers,

Darlene Neff, Don Nichols, Robyn Norris, Kathy Null, Paul Lankster, Mike Ohlinger, Don Peters, Karen and Rick Peters, Susie Pettibone, Mark Pfeiffer, Diana Pobl.

Pam Reichelderfer, Judy Rife, Debbie Irwin, Lois Sayre, Mike Seitz, Carolyn Smith, Diane Smith, Cheri Stewart, Jill Trego, David Warner, Janice Wilson, David Warner, Pam Younk.

There were no special drives to earn money to finance the trip. The Teays Valley Band Boosters did provide the group with funds to pay their fare to Washington D. C. and from Buffalo, N. Y. back to Columbus. Otherwise, all the costs are met by each individual student.

Helping Brobst will be William Pangburn, who has

been designated assistant director. Pangburn, who once taught music at Teays Valley and still is an Ashville resident, will tour with the band along with other adults, which include Mrs. Brobst, Mrs. Helen Peters, Mrs. Mona Lee Trego Mr. and Mrs. Gardner Eugene Wilson.

The people of the school community are strong in support of the teenagers to excel in the music competition and bring Teays Valley home another honor, in addition to the invitation from the Anglo-International Festival committee.

CHS Band Boosters Schedule Meeting

The first meeting of the Circleville Band Boosters will be held Aug. 17 at 7:30 p.m. in the high school cafeteria.
